

PENINSULAR BASE HEADQUARTERS, Italy—Second Lieutenant Gerard H. Connolly, son of Mr. and Mrs. Edward B. Connolly, 187 Melrose street, Auburndale, recently received a direct commission when Col. Reagan, commanding officer of the 64th General Hospital, presented him with his gold bars.

Lt. Connolly enlisted in the Army, as a private, at Fort Devens. He has been overseas since August 21, 1943, serving in North Africa and Italy. Prior to receiving his commission, he was Sgt. Major of the hospital.

Opens Box Containing Historic Papers on Church

In the study of Rev. Ray A. Eusden, minister of Eliot Church, Newton, at 2 o'clock on the afternoon of April 5, a box which provided a direct link with the original church built 100 years ago, was opened by Charles O. Billings, who in 1890 deposited the box with a Newton Bank. At that time Mr. Billings received instructions from his father, Charles E. Billings, that the box was not to be opened until 1945, when, wherever he might be, the younger Billings was to return to Newton and open the box.

With the mahogany box was a letter of instructions to be opened at the same time. The box contained the original lead box that was in the cornerstone of the first edifice built in 1845, copies of William Jackson's address to posterity, written in 1845 to be read in 1945; a description of papers in the original box; the silver trowel with a gilt handle used by J. N. Bacon in laying the original cornerstone.

A full report of the exercises, also of the services of dedication, financial exhibit of the Building committee, copies of the Newton Graphic, Newton Journal, Boston Journal and Congregationalist, etc. We learn that Mr. C. E. Billings was present at the services of the laying of the first cornerstone in 1845, that William Jackson placed his hand on him in referring to posterity, and Mr. Billings conceived the idea of making his son the connecting link with those upon the stage of action on the one hundredth anniversary, by causing him to take from the box William Jackson's original address, and depositing the same in the box now under the cornerstone of the new edifice.

The box had this inscription: A.D. 1845 Original Box and copies of papers found under corner stone of church edifice burned January 16th, 1887. To be opened by Charles O. Billings.

Present at the opening of the box with Dr. Eusden and Mr. Billings were Frank A. Day, Jr., and Arthur H. Lord, co-chairmen of the committee arranging for the 100th anniversary of the church which is to be observed October 14 to 21.

Many victims of this war have died from exposure and lack of adequate clothing, and more than 30,000,000 of those remaining alive are virtually without clothing at the present time. Millions more are in desperate circumstances and there is not enough new clothing to meet their needs.

In order to help in this situation the President's War Relief Control Board has directed more than 80 voluntary war relief agencies to suspend their national or local campaigns and public collections of used clothing during March, April and May, and join with the United Nations Relief and Rehabilitation Administration in the United National Clothing Collection. Henry J. Kaiser has been appointed national chairman of this collection.

A Newton Committee to conduct the United National Clothing Collection has been named in this City, and clothing will be received, beginning on April 9th, at our fire stations, Schools and Churches. I respectfully call upon every responsible organization and every citizen of this community to give the utmost help in this urgent and humanitarian undertaking.

PAUL M. GODDARD, Mayor.

What Can You Spare That They Can Wear

Let's Clean House Both Ways!

Since pioneer days the housewives of America have cleaned house every Spring; caught the cobwebs, cleared out the attic, dusted the shelves. This month of April we can clean house two ways at once—when we clear out our old clothes, we can alleviate the desperate disorder left in the wake of the Axis scourge.

For every man, woman and child in the United States, there is a double, a human shadow of yourself in ravaged Europe or Asia. But whereas, we have thus far enjoyed the comfort and safety of

distance from the world's battlefields; your double, wrecked by the receding tide of war, is now among the "statistically naked." Think of it. For each one of us, working, shopping, tending our chores—there is another human being—"statistically naked." It is a phrase to remember. It means that your double shares a shirt with six other people, takes turns wearing a pair of shoes.

The need is multiplied by millions. All over the world, wherever the blighting hand of the Axis has touched the human race, there is a scar—quivering, naked.

During this April the United National Clothing Collection for War Relief wants your help in gathering 150 million pounds of practical clothing—the Nation's hand and yours, reaching out to aid a stumbling world in a step toward a newer, firmer hope.

Think as you collect, as you house-clean. Warm, sturdy garments. Shoes tied in pairs; plain shoes. Knitted headgear; hoods; stocking caps. Any sort of clean bedding. Clothes and more clothes; any kind, every size, but practical. Warmth and Wear is the Watchword!

Make up your bundle now and take it to any school, church, or fire station in Newton And remember, when you tie up your bundle, you're not only house-cleaning your home—you're house-cleaning Hitler and Hirohito!

Scouting Exposition To Be Greatest Ever

Norumbega Council To Present Big Show At Senior High School This Saturday From 1:30 To 10:00 P.M.

An avenue of flags will flank the entrance to the Newton High School on Saturday, April 7th, leading the way to the most outstanding array of youth on parade ever displayed in this community. Over two thousand boys and girls and adult leaders have been working to make this showing a huge success. They will be assisted by a number of participating groups including the Newton and Wellesley American Red Cross Chapters, the Girl Scouts of the Newton and Wellesley Local Councils, and the Citizens' Committees for Returning Service Men of Newton, together with Fire and Police Departments, the New England Museum of Natural History, and the Children's Museum.

In addition to the continuous demonstrations in the gymnasium, there will be two colorful stage presentations in the auditorium starting at 2:30 in the afternoon and again at 7:30 in the evening. Frequent intermissions will enable visitors to enjoy all my friends and former associates. How I miss you all. Amos and I are working in a paper mill now and probably won't get to write as often as before. Living conditions are better than in the prison camp. I surely will have a long story to tell when I get home. That's all for now, dear folks. God bless you and watch over you till our reunion soon. As always, Len.

Pfc. Enegess, a graduate of the Newton High School, had been employed in the office of construction company engaged in war contracts before he entered the Army a year ago. He went overseas last October and was reported as missing on December 16. Although the letter indicates that he had written before, no word had been received from him since he was reported as missing.

Lt. Francis Buswell Home on Leave

Lt. Francis L. Buswell, Jr., USAAF, son of Mr. and Mrs. Francis L. Buswell of 321 Kenrick street, Newton, has returned home on a 27-day furlough after completing 65 missions with the 9th Air Force operating from England and France.

Lt. Buswell entered active service in January 1943 and went overseas in May 1944.

His brother, Lt. Richard G. Buswell, who recently returned home, reported to Atlantic City, New Jersey, where he was assigned to Hendricks Field, Sebring, Florida, as a flying instructor on B-17 bombers.

Reported Missing, Writes from German Prison Camp

Capt. Thomas N. Enegess of the Newton Fire Department and Mrs. Enegess have received a letter from their son, Pfc. Norman Leonard Enegess, 29, who had been reported as missing since December 16. He is now a prisoner of war in Germany.

The letter which was in his own handwriting dated February 24, read as follows:

"This will let you know that all is well with your loving son and that his health, strength and morale are still holding up," he wrote. "God grant that you are both in good health. I pray for that every day and for an early return home and an end to the war. Please give my love to all the family and all my friends and former associates. How I miss you all. Amos and I are working in a paper mill now and probably won't get to write as often as before. Living conditions are better than in the prison camp. I surely will have a long story to tell when I get home. That's all for now, dear folks. God bless you and watch over you till our reunion soon. As always, Len."

Sgt. John Davis Killed on Iwo Jima

Sgt. John Q. (Jack) Davis, 22, U. S. Marine Corps, son of Mr. and Mrs. Carl J. Davis of 88 Mt. Vernon street, Newtonville, was killed in action on Iwo Jima on March 6 according to word received by his parents.

Sgt. Davis had previously been wounded on Saipan in June and was hospitalized for three months. On August 25 he was awarded the Purple Heart.

He was graduated from the Newton High School in 1940 where he was a track letterman. Before entering the Marine Corps in July 1942 he had been employed at the Watertown Arsenal. After serving as a drill instructor at Parris Island, S. Carolina, he volunteered for overseas duty and arrived in the Pacific in December 1943. His brother, Pfc. Robert Davis is with the Marines on Guam.

A solemn requiem memorial mass was celebrated Tuesday morning in the Church of Our Lady, Newton, by Rev. John H. Quinn, assisted by Rev. Arthur I. Norton, deacon and Rev. Daniel Taglino, sub-deacon. A detail of sailors and marines from the First Naval District attended the service.

Lt.-Col. Dalton Dies On Way Home

The War Department has announced that Lt. Col. Edward F. Dalton of Janet Place, Newton, died last Friday, March 30, in the Mediterranean area while enroute home.

Colonel Dalton, who has been a resident of Newton for many years leaves a widow Ann D. Dalton and a daughter Deborah Ann Dalton.

Colonel Dalton was a veteran of World War I who enlisted in that war as a private and was mustered out as a Second Lieutenant. He was one of the original organizers of the American Legion in the U. S., being a delegate to the first convention at St. Louis.

Prior to the first World War Col. Dalton was an outstanding athlete. He played baseball in the New England, the Southern and the National Leagues.

After the war he was admitted to practice law at Boston, where he continued in practice until he accepted a commission in July 1942. He re-entered the Army as a Capt. in the Air Force and was soon promoted to a Major. He was assigned to the School of Military Gov. at the Univ. of Va., Charlottesville, Va. and upon completion of his studies there went to England.

Col. Dalton landed on the Normandy coast on June 6, 1944.

School Committee Recommends New School Building On West Newton Hill

At the request of the School Committee, Mayor Paul M. Goddard submitted to the Board of Aldermen at their meeting on Monday night a recommendation that land at Temple and Berkeley streets, on West Newton Hill, be acquired by the city at a cost of \$25,000 as a site for a new school building, the construction of which would be a post war project. This site contains 207,027 square feet of land. The board referred the matter to the Finance Committee for study.

The board made appropriations of \$5,000 for the Health Department for mosquito control, \$3,500 for the completion of the Brookline Street sewer project, \$5,500 for the purchase of three boilers for the Angier School and \$800 for elimination of a dead end main on Ridge road east of Varick road for a distance of 136 feet.

The board voted unanimously to disapprove the application of the Mobeo Company for a permit for a billboard on all of the store at 967 Washington street, Newtonville. The action of the board, however, is not conclusive as such licenses are issued by the State Department of Public Works.

A hearing was held on the proposed issuance of an order that the owner of the vacant dwelling and shed at 25 White avenue, Newton Centre, "show cause why the board should not make and record an order adjudging the dwelling and shed on said property to be dangerous, and prescribing their disposition, alteration or regulation."

The attorneys for the owners of this property had sent word to the board since the hearing was advertised asking that passage of the order be delayed in order to give the owners an opportunity to remedy the situation. At the hearing on Monday night an abductor testified that the buildings are in a dilapidated state and constitute a fire menace.

The New England Telephone and Telegraph Company submitted its report for the year 1944, as required by law.

The board confirmed the appointment of Rev. Richard P. McClintock as a member of the Recreation Commission for a term of three years to succeed Irving C. Paul, who resigned recently.

An application of Rocco Ralph DeAngelis for a license to operate two pool tables at 233A Adams street, Newton, was turned down by the board, also the offer of Mar-

CORP. PHILIP R. COOK
Corporal Cook Awarded Air Medal

Word has been received by Mr. Philip R. Cook of 12 Willard street, Newton that his son, Philip R. Cook Jr., of the Army Air Forces, who is now a staff sergeant was awarded the air medal while serving as a corporal with the 17th Bombardment Group (M), the citation reading as follows—

"For meritorious achievement while participating in aerial flight as bombardier of a B-26 type aircraft during an attack upon a rail bridge at Ora, Italy on 11 November 1944. Corporal Cook's proficiency in combat reflects great credit upon himself and the Military Service of the United States."

Sgt. Cook was graduated from Newton High School and Muskingum College in Ohio. He enlisted in the service two years ago and went overseas last August. He now has three oak leaf clusters, and has completed 32 missions.

The bomb group under which he is attached is the same one that bombed Tokyo under Major Donnell and is said to be the only bomb group in the U.S. service that has participated in action against all three of the Axis powers.

A FEW FRANK WORDS ABOUT MORTGAGES

Most of us can remember when the mortgage was a real problem... when payments only took care of the interest, and the principal had to be paid in a lump sum in a short period of years. What a burden it was!

No wonder it was a cause for real celebration when home owners were able to burn that kind of a mortgage!

We've come a long way since then. Today's modern mortgage at the Newton-Waltham Bank is payable just like rent. Each monthly payment includes interest, taxes, and part of the principal. This kind of a mortgage is easy to handle. Best of all, you never have to worry about a large lump-sum payment. And yet, you can reduce your mortgage... and the monthly payments... at any time by paying any part of the principal.

Buying a home is a real pleasure when you have this modern Newton-Waltham Bank mortgage. If you're planning to buy a home right now... or if you're carrying a mortgage that's too much of a load... then we can really help you. Come in soon and talk your problem over with any bank officer. There's absolutely no obligation — we're here to serve you in every way we can.

Newtonville Woman's Club

A very interesting lecture on her travels in the Dutch East Indies and Thailand illustrated with beautiful colored pictures was given by Irma Wing Taylor at the April 3rd meeting of the Newtonville Woman's Club.

A social hour was enjoyed by members and guests before the lecture, refreshments being served by Mrs. C. Thomas Parker, hospitality chairman and her committee. Mrs. Edward P. Hendrick, Miss Mary Rolfe, and Mrs. Henry M. Weidner were the pourers.

The meeting opened with the singing of two verses of America with Mrs. Ernest L. Nichols at the piano.

The president, Miss Estelle Marsh, urged the members to co-operate in giving as much clothing and bedding as possible to the United National Clothing collection.

Mrs. C. Thomas Parker, hospitality chairman, told the club of the plans for the annual luncheon to be given on April 24th at 1 p.m. at the clubhouse. Tickets can be secured at the club meeting or at the Four Seasons Beauty Salon, 823 Washington street, Bigelow 4611.

Mrs. Ralph W. Conant, chairman of International relations, reminded the club of the last lecture on "World Affairs" by Mrs. Frank Mansfield Taylor to be given on April 12th at 10 a.m. at the clubhouse. In view of the dramatic events of the present day, this will be an unusually interesting talk.

Mrs. Ernest P. Dustin, from the Russian War Relief Committee, spoke briefly on the great need by bombed out civilians and refugees in Russia because of the complete stoppage of manufacture of all civilian goods since the invasion of Russia. St. John's Parish House on Lowell avenue is the collection depot for Newtonville. For further information on the Russian Relief and other war relief work call Mrs. Joseph Severyn, Bigelow 7660, War Relief chairman.

Mrs. Allen R. Barrow then introduced the speaker, Irma Wing Taylor.

The club's Fashion Show and dessert bridge held on March 27th was a great success, due to the planning and work of Mrs. Harold McKusick, chairman of the Ways and means, with her committee: Mrs. Henry C. Betzing, Mrs. John E. Cox, Mrs. George A. Edmonds, Mrs. John F. Gilbert, Mrs. Frederick R. Gleason, Mrs. Boyd Hayden, Mrs. Horace W. Orr, Mrs. Walter M. Storey, Mrs. Wm. A. Webber and Mrs. Clifford B. Whitney. Miss John W. Ramsay and Mrs. Russell E. Mainstay also assisted Mrs. McKusick.

Mrs. Caroline Dewing, co-director for the Modern School of Fashion and Design of Boston, which put on the fashion show, introduced Miss Phyllis Webster, who was the student commentator. The students modeled clothes of their own design and make.

Mather Class

The Mather Class will meet at 9:45 a.m. on April 8, in the First Baptist Church. Subject, Windows on the World—British plans for the postwar years. Round Table. Guests of the Rev. and Mrs. Russell M. Boynton, 70 Summer street.

Lucy Jackson Chapter D.A.R.

The work of the Soldiers and Sailors Library Service will feature the program of the Lucy Jackson Chapter, Daughters of the American Revolution, at the Chapter House, Newton Lower Falls, Monday, April 9 at 3 p.m. The speaker, Harriet Warner Baxter, founder and director of this widespread service to our men and women in the Armed Forces, is past president of the Johanna Aspinwall Chapter, D.A.R. in Brookline and now vice president, Massachusetts Ex-Regents Club. Mrs. Rhoda L. Larkin, regent, Lucy Jackson Chapter, will preside.

The Soldiers and Sailors Library Service at 158 State street, Boston, has sent complete libraries and tons of reading material to servicemen over the world. Since 1940, when Mrs. Baxter founded this service, it has grown until now it is international in scope, serving not only the camps of our Army in nearby and far away spots and the ships of our Navy, Coast Guard, and Merchant Marine, but the ships of all the United Nations which have cast anchor in Boston Harbor. Thousands of letters of appreciation and thanks testify to the value of this work.

Recently an urgent plea for all kinds of good reading material for a Bombardier Group in the South Pacific was received by Mrs. Baxter from a Special Officer stationed there. Part of the books are packed and ready for shipment but 1000 more are needed immediately. Good fiction, travel books, biography and adventure stories, as well as recent text books on radio engineering, mathematics, navigation and the like are in great demand by our men.

Books may be brought to 159 State street, Boston anytime between 9 and 5 daily or sent by express or parcel post to the same address.

The Lucy Jackson Chapter, D.A.R., will meet at the Chapter House in Newton Lower Falls on the afternoon of April 9th.

Mrs. Harriet Warner Baxter, President and founder of the Soldiers and Sailors Library, will be the speaker. Mr. John Bebrancesco, baritone of Boston, will sing a group of songs. Mrs. Harry D. Cabot is chairman for the Tea and Mrs. Arthur E. Tucker is in charge of table decorations.

Zonta Club

The Newton Zonta Club held a dinner-meeting, Monday evening at the home of Mrs. Mildred Roy, 334 Otis street, West Newton. Following a brief business meeting, in which a delegate to the District Convention at Albany, April 14, 15, was appointed, Mrs. Henry Harris, of Waban was introduced, who spoke most entertainingly and instructively on Finland, her people and customs, her tragic history and struggle for freedom. Mrs. Harris has made an extensive study of her subject and spoke from a deep interest in the Finnish people of our country, among whom she has organized many welfare and study groups. Mr. Roy followed with technicolor films showing some of the activities at Camp Idewild on Lake Winnepesaukee which he and Mrs. Roy have carried on since 1921.

Dining With Jane and Bill

Jane—Junior! Stop that nonsense! Sulfur and molasses is a good spring tonic.

Junior—But, Mom, it tastes awful.

Bill—Here, here, what's all this noise?

Jane—I want Junior to take this tonic.

Bill—Sulfur and molasses, eh? Honestly, Jane, I don't blame him. In the funny papers last Sunday, Herby poured out the sulfur and molasses when his mother wasn't looking and put in some chocolate syrup and honey. But it did him as much good, too.

Jane—Oh, no! Sulfur and molasses is good to build children up in the spring.

Bill—I bet you can't prove that.

Jane—I bet I can! I'll call the Nutrition Center—they know all the answers about food. Let's see, I have their number here somewhere. Yes, it's Bigelow 7602.

Hello, can you tell me the value of sulfur and molasses?

Oh, really? I see. Thank you—goodbye.

Jane—I guess we were both partly right, Bill. They say molasses is a very good source of iron. One tablespoon of molasses has as much iron as an egg! But then they mentioned that there are all sorts of delicious things you can make with molasses—spice cake, gingerbread, muffins, baked beans, brown bread, molasses candy, ginger cookies, molasses-milk drinks, molasses on French toast, and so on.

Bill—Mmm—sounds wonderful! You can give me iron in those ways any day.

Junior—Me too, Mom.

Jane—Well, I guess I will have to admit that there are other ways of getting your "spring tonic." I'll start in making some of these things.

W. Newton Women's Educational Club

April 13, Friday, is the day for the monthly meeting of the West Newton Women's Educational Club and will be the Annual Meeting. Among the special guests will be Mrs. Harvey E. Greenwood, First Vice President, M. S. F. W. C. This will be the last meeting for the Club year and the present roster of officers. The meeting will be held in the Second Church Parish House.

The Educational Garden Club of West Newton will hold its Annual Meeting at the home of Mrs. Francis McCrudden, 19 Stonecliffe road, West Newton, on Monday, April 16, luncheon to be served at 1 o'clock. Newton Rotary Club

Mr. James F. McKinley, a member of the Rotary Club at Dumaguete on the island of Negros in the Philippines, was the guest speaker at the weekly meeting of the Newton Rotary Club. He was formerly on the faculty at Silliman University but with his family was obliged to leave his home and take refuge among native Filipinos at the time of the Japanese invasion. Mr. McKinley told of the conditions under which they were obliged to live for the two years among the guerrilla forces. He pointed out that the great majority of the Filipinos were loyal to the United States and did much to help the Americans caught in the war area. He and his family were evacuated by submarine to Australia.

Mr. McKinley was accompanied at the meeting by McKinley and their two daughters, Phyllis and Edith. The girls demonstrated the native dialect of the Negros people and displayed some of the cloth and basketry of those people. Mr. Robinson of the Walker Missionary Home of Auburndale introduced the guests.

Kiwanis Club

Mr. Arthur T. Geogorian, a native of Persia, was guest speaker at the Wednesday meeting of the Newton Kiwanis Club, at the YMC A building. Choosing as his subject, "Oriental Rugs and the Story They Tell." Mr. Geogorian told of the fascinating art of rug making which has been practiced in Persia for centuries. In a land where, by reason of custom, time is of no consequence, Mr. Geogorian informed his audience that the making of a rug may take from one to five years. The finished product usually reflecting the mood, philosophy and very often, the character of its creator. Rugs, the beauty of which increase with age, were shown, many of them over a hundred years old.

President Benjamin Louis informed the Club that Newton's quota in the used clothing drive amounted to 350,000 pounds. Mr. Rupert Thompson, of the Chamber of Commerce, has set up a method of collection, and members of Kiwanis are working evenings, in the packing and shipping departments.

Dr. E. A. Marcoux suggested early reservations for Kiwanis "Pops Night" to be held in Symphony Hall, Boston, June 12.

Fire Chief John L. Keating announced that plans have been completed for Newton Kiwanis' Ladies Night which will take place at the Woodland Golf Club, April 25. Dr. Wilson F. Dodd, Overseas Director of the Near East Foundation, will address the Club next week. Mr. George Tyson will be inducted into Kiwanis at this meeting.

Guests at Wednesday's meeting were: Sal Defazio, Carl Moeborg, Harry Snow and Fred A. Potter.

United National Clothing Collection Gets Under Way In Newton

Schools, Churches and Fire Stations Are Collection Depots

Henry J. Kaiser, west coast shipbuilder, who has accepted the presidency of the United Nations Clothing Collection at the request of President Roosevelt, declared in the opening statement of the national collection, "I have accepted because the need of children, the aged, and the homeless is one which no human heart can deny."

The drive will be the only nationwide clothing collection for overseas war relief in the spring of 1945. All war relief agencies are united for the effort along with the United Nations Relief and Rehabilitation Administration. The goal in the campaign is 150,000,000 pounds of serviceable used clothing.

President Roosevelt in his report on the United Nations Relief and Rehabilitation Administration said, "As many war victims have died from exposure and lack of adequate clothing as have died from starvation."

Americans are asked to clean their closets, attics, and trunks where millions of pounds of serviceable used clothing, shoes and bedding are stored. These essentials would rehabilitate many of the 125,000,000 war victims. An on-the-scene war correspondent writes, "The lot of the children in Holland, once the best cared for in Europe is appalling. Their lack of clothing is tragic and now, only the lucky ones possess the traditional wooden shoes. The others during the winter bunched their feet in old rags or waste. In other war-ravaged nations, a majority

Auto Accidents Can Be Avoided By Observing Rights Of Others

Now that summer's in the offing, with good driving weather ahead, increased automobile traffic is beginning to register its influence in the accident and traffic violation reports filtering in to the offices of the traffic bureau at police headquarters. Operators who have been away from the wheel of the family car since early last winter and, naturally, find themselves a bit out of practice, are turning in the usual spring crop of minor accidents which accompany their yearly debut on the city's highways.

The "other fellow" is usually at fault, of course, and reading the conflicting accounts of almost any accident, one sometimes gains the impression that the descendants of the famed Baron Munchausen do considerable driving in our town. The average driver knows his "rights" and often insists they be respected. When two of a kind catch up with each other, that state of mind usually results in a continued fight for their "rights" in a court room—or a fight for their lives in a hospital operating room.

An old dorky, driver of a local garage's tow-truck, had a little ditty of his own that he'd said in the hauls in the wrecks, years ago. He has long since gone to his reward, but those of us who've observed the results of carelessness on the highways through the years,

INSPECTOR THOS. McENANEY

According to the truck driver's report, he was turning into Willow from Centre street, at a speed of 10 miles per hour.

The driver of the sedan—a total loss—said he was traveling along Centre street at a speed of 15 miles per hour.

There must have been a strong wind blowing that day as they came together.

Bicycles
Inspector Thomas McEnaney of the traffic bureau has lectured on

remember the words of his little song with increasing respect as time goes on:

"He wuz right, dead right, as he drew along,
But he's jest as dead as if he wuz wrong!"

The old dorky died in bed, of old age. He practiced his own philosophy.

safety and bicycle riding before pupils of the public schools, the Boy Scouts, fraternal and various civic organizations. Stressing the fact that "I don't Look" and "I didn't think," are the usual reasons given by child bicyclists after they have been involved in an accident. Inspector McEnaney recommends that parents insist their children obey the traffic regulations, for their own safety and the safety of others, at all times when pedalling along the highways.

Their very LIVES depend on you!

THE VERY LIVES of multitudes in war-torn countries depend on the filling of their desperate need for clothing.

The demands of America's armed forces and civilian needs are so great that only a small amount of new clothing can be spared for overseas relief.

But all of us can spare some serviceable used clothing—to provide the 150 million pounds that must be collected this month for that purpose.

In the clothes closets and attics of America's homes is enough usable, spare clothing to help care for the 125 million men, women, and children—in Europe alone—who have

given all but life itself toward the same lasting peace we all are fighting for.
Let's get it out—and send it off—NOW!

What YOU Can Do!

- 1 Get together all the serviceable used summer and winter clothing you can spare. This includes: Men's, women's, children's, and infants' wear, and shoes. Overcoats, topcoats, suits, dresses, shirts, skirts, jackets, pants, work clothes, gloves, underwear, sleeping garments, robes, sweaters, shawls, and all knick goods. Also blankets, bedclothes.
- 2 Take your contribution to SCHOOL, CHURCH or FIRE STATION in NEWTON.
- 3 Support your Local Committee not only with your clothing contribution but also with your time, effort and energy.

Henry J. Kaiser

says:

"Americans have shown what they can do with their minds and hands in producing the ships, planes, guns, tanks, ammunition and all the materials needed to crush the Axis hordes. Now, in this month of April, America will show what Americans can do with their hearts in providing the clothing needed to relieve the suffering of millions of people in war-torn countries. It is good to know that every American family will do its share."

PRESIDENT ROOSEVELT chose Mr. Henry J. Kaiser as National Chairman of the United National Clothing Collection for just one reason: *He knows this famous industrialist as a man who gets things done.*

But Mr. Kaiser will need help—if the goal of 150 million pounds of serviceable used clothing is to be attained this month.

He will need, indeed, help and contributions from every American family throughout the land.

Today, in Europe alone, 125 million men, women, and children are in desperate need of the forgotten usable clothes that hang in the closets or repose in the attics of America's homes.

In some areas, deaths from exposure are as great as those from starvation.

These innocent people have given their homes, their

jobs, their happiness, their health—for the same lasting Peace we are fighting for. They need your spare clothing now. Will you give it to them?

What YOU can do!

- 1 Get together all the serviceable summer and winter clothing you can spare. This includes: Men's, women's, children's, and infants' wear, and shoes. Overcoats, topcoats, suits, dresses, shirts, skirts, jackets, pants, work clothes, gloves, underwear, sleeping garments, robes, sweaters, shawls, and all knit goods. Also blankets, bedclothes.

Death Of President Roosevelt Stuns Nation

As the "Graphic" goes to press, the news of the death of Franklin D. Roosevelt comes over the wires.

The President died of a cerebral hemorrhage at 4:35 p.m. Thursday. He was in his 63d year. Mr. Roosevelt was sitting in front of a fireplace in the little White House at Warm Springs when the attack struck him. His last words were, "I have a terrific headache." He was carried to his bedroom where he died without regaining consciousness, three hours later.

The funeral will be held Saturday afternoon at 4:00 o'clock and will be attended only by high officials and friends of the family.

Mayor Goddard has ordered all flags on public buildings in Newton to be lowered to half staff.

Pvt. MacKinnon Killed in Action

Pvt. Stewart Warren MacKinnon, 18, U.S.M.C., son of Mr. and Mrs. Allan C. MacKinnon of 30 Pelham street, Newton Centre was killed in action on Iwo Jima on March 4.

Pvt. MacKinnon was born in Newton and attended the Newton public schools graduating from Newton High School with high marks. He was loved by everyone who knew him. He enlisted in the Marine Corps at the age of 17 and after five months' training was sent overseas.

He is survived by his parents who have been residents of Newton for 30 years, a brother, Allan Charles MacKinnon, Jr., U. S. Navy, who is now in the South Pacific, and three sisters, Mrs. Betty Davis of East Bridgewater, Mrs. Flora Manning of Newtonville and Miss Nancy MacKinnon of Newton Centre.

A memorial service will be held Easter Sunday afternoon at 2:30 at the Newtonville Methodist Church. Pvt. MacKinnon was a member of the Newtonville Methodist Church and of the Young People's Club.

Norumbega Council Presents Gala Display Featured By Avenue Of Flags

The big Scouting Exposition was held Saturday afternoon and evening at the Newton Senior High School. Favored by beautiful spring weather, the attendance surpassed that of any previous show.

The main entrance to the High School was arrayed with an Avenue of Flags. The national colors placed on one side and the colors of local troops on the other. This approach to the entrance made a gorgeous spectacle as the emblems fluttering in the brisk wind glistened in the afternoon sun.

Crowds of parents and youngsters crowded the gymnasium which was converted overnight into a grand exhibition hall. Fifty separate booths were arranged around the walls and in three center groups. The exhibits were staffed by 2000 Scouts, Cub Scouts, Girl Scouts, and representatives of participating agencies and services. Swinging around the hall the visitors saw many and varied presentations of our youth on parade.

In Booth 1, photographs of Camp Quinapoxet, a New Hampshire summer camp open to Scouts from Newton, Wellesley, and Cambridge, were shown.

Literature and information on the 1945 season was available. In Booth 2, the Newton Fire Department exhibit contained fire prevention displays and models of fire fighting apparatus.

Booth 3, Pack 33, Auburndale, displayed models of Cub work against colorful painting of western landscape. Booth 4, Pack 6, Newtonville, displayed many and varied examples of pioneering made by Cubs of the Pack.

Troop 6, Newtonville, well organized exhibit of mechanical drawing equipment, drawings, etc.

HON. EDWIN O. CHILDS

Edwin O. Childs Gets County Commrs. Post

Edwin O. Childs, former mayor of Newton and well known Newton lawyer, was elected a member of the Board of Commissioners of Middlesex County on Friday, April 6, by the unanimous vote of the other two commissioners and of Frederick L. Putnam, clerk of the Middlesex Superior Court. The salary of the office is \$4,500 per year.

Commissioner Childs will fill the vacancy caused by the death last week of Nathaniel I. Bowditch of Framingham who had served on the board since 1925, and had been re-elected last year for a four-year term. Childs will serve until the end of next year and it is expected will be a candidate for the office at the next state election in 1948.

Following his election to the office Commissioner Childs was immediately sworn in by Clerk of the Middlesex Superior Court, Frederick L. Putnam. His first official act was a tour of inspection of the Newton District Court with his two associates, Chairman William G. Andrews of Cambridge and Melvin G. Rogers of Tewksbury, on the request of Judge Donald E. Mayberry for repairs and renovation to the Court House. He was warmly congratulated. (Continued on Page 5)

"Something New Has Been Added"

Something new has been added in Newton and it's an ingredient which will instill invigorating life into the youth of our community.

The City of Newton through its public spirited citizens and its worthy administration has always given her youngsters the best of everything. Yet there has been something lacking and our teen agers knew it. They recently did something about it. Near the High School and in the rear of the Church of the New Jerusalem on Highland avenue in Newtonville, our youngsters found, planned and built their OWN TEEN-AGE CANTEEN. What a wonderful start of the post-war proposals and plans for the youth of Newton.

Let's lend a helping hand and give encouragement to the youngsters in donating funds and equipment to ease the budget which these youngsters are carrying. They have a fine committee of students and adults. They shouldn't be let down. Congratulations and GOOD LUCK, kids—the "Graphic" is with you and for you.

Salvage YOUR Clothes — To Salvage Their Lives

Salvation for millions of suffering war victims is to be found in the closets, attics, drawers and trunks of the American people. Discarded clothing—outgrown, outmoded, long forgotten and unworn, can bring untold relief to the stricken people of war-ravaged lands—millions of whom are literally naked. A concerted drive is now under way, by the United Nations Clothing Collection for War Relief, to make it easy for you to give help where it is most needed.

In Europe alone, men, women and children, totalling more than the entire population of the United States, are in dire need of aid. When the ruthless Nazis overran defenseless countries, they left destruction and desolation in their wake. Many of their hapless victims were left with whatever clothes they happened to be wearing. These meager coverings have long since worn threadbare.

Reports that have come out of war-devastated countries are heart-rending. Confirmed stories tell of countless deaths due to exposure. . . of seven people sharing a single shirt . . . of feet wrapped in newspapers for lack of shoes

. . . of children ravaged by illness and disease due to inadequate clothing for their emaciated bodies. All are in desperate need of clothing, shoes and bedding. Unless these needs are filled, the indiscriminate visitations of death will take a greater toll of human health and human lives . . . adding to the huge total attributable to sadistic oppressors.

These people are our friends and allies. By extending help to them now, we not only give them warmth of body, but also the inner warmth of heart that comes with the knowledge that they have not been forgotten. By helping them, we help ourselves . . . for with adequate clothing and regained self-respect, these fellow world-citizens can go on to rebuild their part of a war-shattered world.

The drive is set for the entire month of April. The goal is 150,000,000 pounds of clothing, 350,000 pounds from Newton. This quota can be reached only if everyone pitches in. Go to it now. Pack your contributions in a bundle and take it to any church, school, fire station or post office in Newton. Durable, wearable clothing; shoes; clean bedding; infants' and children's wear; knitted caps . . . everything usable will be welcomed as heaven-sent!

Chairman of the Newton Clothing Committee is Mrs. F. Brittain Kennedy.

Politics With Color

by P. W. C.

(The opinions expressed in this column are the writer's own, and do not necessarily reflect the opinions or policy of this newspaper—Editor's Note).

James F. Byrnes

James F. Byrnes, Director of War Mobilization, has recently stepped down from his vitally important post as "Assistant President." It is to be regretted that one prominent Boston paper has seen fit to write a caustic editorial about this gentleman. It was entitled "Ship-Scraper Byrnes". What I wish to call attention to today is the generally admitted fact that the former U. S. Senator and Supreme Court Justice from South Carolina has been one of the most universally trusted and respected officials of the entire administration. He has been tireless and outspoken and has consistently hewed to the line, regardless of where the chips might fall. On the whole, he has been a conservative. This has helped him in his dealings with Congress and in his relationship to the people of the entire country. Personally, I regret his passing from the national scene, even though Judge Vinson is undoubtedly an excellent man, who will carry on in substantially the same manner.

A prominent New York columnist said the other day that Harry Hopkins was the cause of Byrnes' resignation. If that is true, chalk up another demerit against the former social service worker, who seems to rejoice in getting in somebody's hair. Incidentally, this same columnist states that Byrnes used to be a court reporter and that he now has short-hand notes of every conversation he has ever held with Mr. Roosevelt. He intimates that Byrnes proposes to make these notes public at some future date. Well, it would be extremely interesting to get the low-down on the various conversations between these two gentlemen prior to the Chicago convention. That, you may recall, was when Mr. Byrnes was hoping to receive the Democratic nomination for Vice-President. Sidney Hillman was the man who ruined Byrnes' chances on that occasion.

Good-luck, Mr. Byrnes. You have been a real stabilizer in more than one way. You deserve far more than you have received from the powers that be in Washington.

The Republican Party

Readers of "Life" will have noted the long and entertaining article on Herbert Brownell, the manager of the ill-fated Dewey campaign last fall. There is much food for thought here. What is it all about? Is it the start of another build-up for Gov. Thomas E. Dewey of New York? Is it an attempt to unify the Republican party by indicating that there is a clear field for 1948 and that any of our candidates for the Presidential sweepstakes will be welcome?

Is it a challenge to the PAC of the CIO? I do not know. This much, however, can be said. It should serve as a tonic to the G.O.P. and should make it clear to the weak-kneed members of that party that a great many constructive measures have been taken to assure the Democrats of a real battle in the Congressional elections of 1946 and an even closer battle in the big race in 1948.

In brief, what the G.O.P. leaders have planned is this: the party will no longer be put in moth-halls between elections, but will be kept on its toes all over the country. The best brains it can find will be employed to handle publicity and organization in every Congressional state. The methods of the PAC of the CIO will be studied closely and utilized wherever advisable. The party will strike at the grass-roots and fight fire with fire. Labor will not be allowed to drift into the Democratic party and stay there, just because there does not seem to be any other place for it to go. A permanent staff of experts will be on the job in Washington. They will act as a go-between between Congress and the rank and file of the voters. There is a lot more to the story; however, if you watch this situation unfold you will understand its significance.

Race Discrimination Bills

Our Legislature has a hot potato in its hands and it knows it. I refer to the various anti-race discrimination bills currently being discussed. My guess is that Gov. Dewey of New York is chiefly responsible for this situation. His state has already passed such a bill. The trouble is that these bills are two-edged swords which cut both ways. Some of the chief proponents are gradually becoming aware of what is sauce for the goose will be sauce for the gander. The type of discrimination which is being struck at SHOULD be struck at. However, when all the tumult and shouting is over, it will be learned that a few of those who claim that they have been discriminated against may themselves have been practicing a wee bit of discrimination. Of course, this entire subject is so extremely delicate that not one in a hundred persons has the nerve to talk right out in meeting. Everybody dodges the question and talks about the possibility that Chinese laundrymen might be forced to employ Japanese helpers, etc. It is to laugh.

What will happen? Your guess is as good as mine. Presumably, there will be a bill passed which has quite a few of the original teeth extirpated. This will serve to mollify BOTH sides.

PART OF THE THROG attending the opening of the H. S. Canteen on Highland avenue, Newtonville.

This is the beginning of something new. This is to be a column for the youngsters of Newton who have finally shown the community the way to start the ball rolling for a post-war juvenile plan. This is to be a column about you students of our junior and senior high schools. You'll be able to read about the doings of your High School Canteen, what's going around in your neighborhood, who's who and what's what. This is definitely your column to voice the things you youngsters of Newton desire.

We certainly hope that you visited the new Canteen at 15 Highland avenue. The gang really did a top-notch job in making the auditorium into something for the grand opening. You couldn't even dance the first afternoon with 500 mobbing the place.

It was nice of the Mayor to show up and say a few words. This is certainly an excellent move under his administration. We doubt if another city can boast of such a project.

There are so many kids and adults to thank for the Canteen it's really impossible to mention all, however let's toast cooks to Dick Melick, George Cahill, Nancy Davis, Olga Wells, Bob Garrity, Joan Reeco, Rose Capodanno, Eugenie Tappan, Harriet Woodworth, Mr. James R. Bryant, Mr. Clarence Mease, Bill Cunningham of the Boston Herald, the Y. O. A. Activities Committee, the Civic Organizations, the Women's Clubs and Religious groups.

And do not forget the hundreds of willing workers who gave free time to scrubbing, cleaning, fixing, painting, washing, etc. . . . It really gave us quite a kick watching the gang enjoy themselves in a Canteen they built.

Now that the Canteen has started there certainly shouldn't be a lull in activities or planning. There should be drives for more funds and equipment. There should be ideas on stage events and affairs. There should be plans for new hours; and a stronger everlasting leadership, advisory board, and a permanent Canteen.

Joe Beauregard and his Orchestra did a swell job playing at the inauguration opening. The funny and excellent drawings on the walls and tables are credited to Charlie Jepsen and Herbert Burns. The Canteen could never have opened if it weren't for some of the gang showing up on Easter Sunday in the afternoon. . . . Joan Barrett, Mary McManus, Arthur Allentuck, Janet MacNeil, Linden Pettys, and Barbara Buchen were the first publicity poses for the Canteen . . . but in work clothes.

In the next columns we'll have more to say about more doings for teen-agers in the old town. How about making this a column for all. Send in your gripes, ideas, correspondence, etc.

Let's really make headlines in doing big things. We certainly have the best looking and best all around city in these parts and there's plenty of everything around for teen-agers to make plans about. Like barbecues, hikes, hay rides, swimming parties, canoe or bike rides, blanket parties, and oh anything under the sun.

Talking about sun, do you think the Canteen will fold during the summer? Will it remain? How about sending in some ideas or suggestions? Be seen ya around! Natch!

Hospital Aid Assoc. Votes To Buy Equipment

The directors of the Newton Hospital Aid Association met on Tuesday morning at 10:30 in the lounge of the nurses' home of the hospital. Mrs. Theron B. Walker, president, presided, calling for the regular monthly reports from committee chairmen. She presented the guests of the association, Mrs. Sana Weiss, president of the Friends of the Peter Bent Brigham Hospital, and Mrs. Stanley Hobbs, chairman of the volunteer service department of the Newton Hospital, who was the speaker of the morning.

During the business meeting the association voted to buy a paget dermatome skin grafting apparatus for the hospital, a portable humidor for Dr. Foster Denis and his children's ward, and scales for the obstetrical department; and to re-upholster the furniture of the doctor's room. It was voted also to continue the \$375 fellowship for graduate study awarded each year to one of the nurses receiving them.

In her report of the Benefit Shop, of which she is manager, Mrs. Francis H. Williams asked for old steel buttons, fancy buttons, old ear-rings, new books, old or new ornaments, cups and saucers, and aprons or volunteers to make aprons from material on hand. She asked for clothes for the shop, but summer clothes only, and members will be giving all of their woolsens and warmer things for the national clothing drive. Customers often bring their children with them when they visit the Benefit shop and the gift of toys to use in entertaining these youngsters would be appreciated. The shop has recently sent three dozen pocket book editions to men in the service.

Mrs. Walter McGill, chairman, reported that the Coffee Shop committee acted as hostess recently to representatives from hospitals of the state, all of whom have either a coffee shop, a gift shop, or both. Mrs. McGill asked for volunteers. Mrs. Edward A. Sawyer, chairman of the gift shop, volunteers to help mark and arrange gifts and to assist with the stock-taking. Several directors volunteered their services.

Mrs. Frank R. Clark, chairman of tickets for the do-over bridge which the association will hold on May 8, reported that the tickets were selling satisfactorily. Mrs. Worthing West is general chairman of this seventh annual affair.

over 100,000 hours of service were given, 80,000 in the hospital and 20,000 in the coffee shop. In the hospital the 1427 volunteers served as dietitian aides, gray ladies, nurses' aides, and in production, and staff assistants. 63,691 hours were given by the 649 Red Cross workers, and 16,943 hours by the 778 independent workers. In addition to this service given by the group of nurses' aides, the Newtons, a men's volunteer corps was organized in September with Mr. Oliver Drummond, of Wellesley, as chairman. This group has given yeoman service of great value to the hospital. The Newton Red Cross service the hospital faithfully and well.

Mrs. Walker announced that a course in treatment of infantile paralysis with instruction in the Kenny method will be given by the group of nurses' aides. She made an appeal for woolen blankets and rubberized cloth for use in this course. Mrs. Walker also stressed the Allied clothing drive. Morning coffee was served at the close of the program with Mrs. Francis H. Williams and Mrs. Edward Stevens as hostesses. Their assistants were Mrs. Arthur Allen and Mrs. Charles G. Pike.

Revised Schedule Of Construction Charges Filed

Good news for rural families, both farm and non-farm, who do not have telephone service, is contained in the announcement of the New England Telephone and Telegraph Company that it has filed with the Massachusetts Public Service Commission a revised schedule of construction charges under which the Company will build without cost a half mile of line along the public highways for each rural applicant for service. In the past, the limit has been a quarter mile. Actual construction in most cases, of course, will have to wait until after the war when materials—now being manufactured almost exclusively for the armed services—again become available.

Charges for construction beyond one-half mile have in the past been lowered as the result of economies being effected by the use of long-span construction and other new-type developments in the use of buried wire may be anticipated. The Company estimates that it will increase its investment in rural lines and equipment, as soon as war conditions allow, more than three million dollars to provide service for an additional 25,000 rural families. Even under war conditions, the number of rural-line telephones in the Company's territory has increased by nearly 16,000 since 1940, and many more rural customers have been provided with individual and party-line telephone service.

Over a long period of years the Company has maintained a record of reducing the costs of rural service and of bringing its advantages to more and more families. The program which was interrupted by the war had gone a long way in this direction, and it will be resumed as soon as war conditions permit.

The death of Mr. John S. Farlow is a great loss to the city of Newton, for which he had done so much during his lifetime. We have had many public spirited citizens, but no other one who has done so much for the city. The Farlow reference department in the Free Library, the Bigelow Memorial chapel at the Newton Cemetery, the beautiful Farlow Park, besides other benefactions, are all witnesses of his public spirit, and his generous interest in the city which has so long been his home.

It has been suggested that it would be a good idea to appoint one, or perhaps better, several physicians to make regular examinations of the children in the public schools. Indications of contagious diseases would, it is thought, be promptly noted and all cases at once isolated.

G. P. Atkins, Newton, is selling fresh eggs for Easter, 7 dozen for one dollar.

The First National bank of West Newton will have a representative of the bank at John F. Payne's drug store from 9 to 11 every morning, to accommodate its Newtonville patrons in the way of receiving deposits and cashing checks, and this will doubtless prove a popular feature with the Newtonville public, as it will save a special trip to West Newton.

When the widening of Washington street, Newtonville, becomes an accomplished fact, it will be necessary to provide new buildings to take the place of those removed as a result of the improvement. The Associates will be on deck. They propose to erect a fine block for stores and apartments on the site of the old Gen. Hull mansion, once the home of the Newton Club. It will be the finest structure in the square. The stores will be located on Walnut street and the entrances to the apartments will be on Austin street. The building will be fire-proof and up to date in modern conveniences.

The semi-annual of the organizing of the Mothers' Association of Auburndale was held in the Congregational Chapel on Wednesday. The Mothers' Association was started in 1870 by a band of 7 mothers who came together to pray for their children. Each member had a little book in which was kept the name and birthday of each child and prayer was offered as the birthdays came around. The membership is now 158.

A new Masonic Lodge is now in process of organizing with W. W. Wainwright, of Wellesley, as Master; William S. Osborne, senior warden; and Walter L. McCammon as junior warden.

B.W.R. Society Receives Praise From Churchill

In a statement issued from the Greater Boston Committee Headquarters of the British War Relief Society, Robert W. Mortimore and Merrill Griswold, Co-Chairmen, revealed that Winston Churchill had sent direct from London a message of thanks to the people of this country for their aid and encouragement, which read as follows:

"On November fifteenth, 1939, the British War Relief Society of America began its work and for over five years they have never failed to bring comfort and happiness to countless families and homes who have been the victims of German bombs. The 'Queen Messengers', the fleets of mobile canteens, the many homes and nursery schools for children, gifts of clothes at all times for those who have lost everything; these are only some of the ways in which the Society is carrying on its work of mercy and humanity."

Mr. Churchill further stated, "We shall never forget this help and all of us send our grateful thanks to the two million voluntary workers and the hundreds of thousands of other citizens of the United States whose efforts and generosity have made it possible. Let us resolve that the bonds thus created in adversity shall grow stronger when the days of peace return."

Letter to the Editor

Sir: Pausing at our splendid City Hall tribute to our citizens in the armed services, I am always impressed with the inadequacy of its caption: "Marching to Victory." Our older son, Arthur Jr., who was shot out of the air over Vienna had only the dense flak upon which to march.

Our only other son, Richard in the navy, will have to do his marching on waves.

How about "On to Victory" to include our Air Forces and Navy.

Sincerely,
Arthur S. Peabody,
Capt. Infantry A.E.F., (Ret.)

Kiwanis Club Hears Dr. Wilson F. Dodd

Dr. Wilson F. Dodd, of the Near East Foundation and member of the Louisville, Kentucky, Kiwanis Club, told of his experiences caring for 30,000 refugees in Cairo, Egypt, at the Newton Kiwanis Club's Wednesday meeting at the Y.M.C.A. He spoke under the auspices of the National War Fund to which Newton people contribute through the annual appeal of the Newton Community Chest and the Greater Boston United War Fund.

Born in Turkey, Dr. Dodd was educated in the United States, after which he again returned to Turkey. In 1944 he arrived in Cairo, Egypt, establishing the refugee camp that was eventually to shelter 30,000 men, women and children.

Ill and undernourished, the majority were in need of medical care, according to Dr. Dodd and the first big job was the establishment of hospitals. With no nurses available, caring for the ailing thousands was difficult, until an American nurse appeared on the scene. She trained 175 girl refugees in the art of caring for the sick and that was a great help, he added.

The 30,000 refugees, he continued, were all inoculated for typhus, typhoid fever and smallpox. At one time an epidemic of measles broke out among the children, but with the aid of sulfa drugs, only 22 were lost out of 3,000 cases.

Clothing, Dr. Dodd, concluded, is badly needed over there now as are shoes.

Nelson Ross, publicity director of the Massachusetts War Fund, Roy Edwards and Phil Ahlin attended as guests of Kiwanis.

Len Baker substituted at the piano in the absence of the club's regular pianist.

Bill Sullivan reported progress in the Kiwanis effort to further the clothing drive. Kiwanis crews are working nights and on certain afternoons.

James P. Gallagher inducted George Bryson and Carl H. Alvord into membership.

Dr. Tehy Hsice will be next week's speaker.

The popular Reginald Smith, ("Smitty") who for two years has been waterfront director, will be back again this year as will Vincent Marotto who will be in charge of sailing. George Larsson will again be in charge of maintenance and crafts and will be assisted by Richard B. Simmons, Jr.

The counsellors and workers who have agreed to be in camp include: Bob Scanlon, Joseph Carver, George Wales, Gordon Carlisle, Ralph Harber, Bill Altieri, George Patterson, James Bonnar, Edward Campbell, Thomas West, Sherman Elmsberg, William Kenner, John Livingstone, Free Allen, Randolph Powell, Burton Woodward, Fred DeAngelis, David Ellis, John Colville, Rodman Jennings. The very popular chef, Fred L. Brown, and Mrs. Brown will again be at camp. Registrations for Camp Day are more than double at this time what they were in 1944. There is every indication that by the end of April camp will be filled to capacity. The Newton boys planning to go to camp for the summer should make their registrations as quickly as possible.

Wounded, Returns To Duty

75 Gilbert J. Champagne, a member of the Newton Police Department on military leave, who received a hand injury in the explosion of a mine in Germany, has recovered and returned to duty according to word received by his wife, Mrs. Monica V. Champagne of 73 Faxon street, Newton.

Before being appointed to the department Champagne was employed by the Recreation Department and served as chief life guard at Crystal Lake. He is a graduate of the Newton High School. He entered the service about a year and a half ago and went overseas six months ago serving as radio operator in a tank unit with the Third Army.

Writes About Capture by Germans

The following letter has been received by Mr. and Mrs. Walter Sohaski of 615 Grove street, Newton Lower Falls, from their son, Pfc. Peter Sohaski, 24, a member of an engineer battalion on the Western Front, who was captured by the Nazis with nine other soldiers during the German breakthrough at Belgium and was rescued the following day by American forces:

"We were told during the German breakthrough to hold a certain town, which we held for three days. When we finally moved out the road was cut off and we were completely surrounded. We fought in the road for an hour or so and then we saw we couldn't make it so we took off into the woods to try and sneak back to our lines. We walked practically day and night for four days when finally they caught up with us (ten of us) and took us prisoners. We were prisoners of the Germans for exactly 23 hours and then I got a Christmas present I'll never forget, and that was being relieved from the Germans and back in American hands.

"When they first captured us they gave us a can of our C-rations but after that they didn't give us anything because they didn't have anything themselves. "From there I went to the hospital because my feet were sore at the time from being wet and walking so much but they're O. K. now.

"It was quite an experience and one I'll never forget and never want to go through again. I'm lucky I'm writing this letter from Belgium instead of Berlin. I guess the good Lord really watched over me and brought me back safely."

Pfc. Sohaski has three brothers, in the service—T. Joseph, Cpl. Stanley, serving overseas, and Sgt. Alex, stationed at Fort Williams, Portland, Me.

West Newton Soldier Decorated in Italy

WITH THE FIFTH ARMY, ITALY—Corporal Leroy Mack of West Newton, recently was awarded the Bronze Star for heroic achievement in action on the Fifth Army front in northern Italy.

Mack was a member of a field artillery unit of the 92nd "Buffalo" Infantry Division. He was a forward observer attached to a rifle company which had become pinned down by hostile machinegun fire.

With another soldier, Mack volunteered to reconnoiter for an observation post from which counter artillery fire could be directed. This mission was being successfully completed when he was severely wounded by a mortar shell. Mack, who has now been evacuated to the United States, is the son of Mrs. Josephine Mack, 179 Pick street, West Newton.

EYES ARE PRECIOUS!

We are quite rightly concerned with saving paper and tires and gasoline and grease and other essentials of wartime.

But let's not overlook another national resource — GOOD EYESIGHT.

In the midst of war, we are so apt to forget the precautions we used to take against eyestrain.

For the sake of your own comfort — and your children's eyes — won't you remember these four important rules for eyesight conservation.

REMEMBER THESE FOUR SIMPLE RULES

1. Do all reading, studying, sewing, game-playing close to a good reading lamp.

2. Avoid glare from bare bulbs. Don't sit facing the light. Glare strains eyes.

3. Avoid shadows. Make sure you have good light directly on your book or work. Shadows strain eyes.

4. Have eyes examined regularly. If eyes are defective, vision can be greatly helped with proper glasses.

Do the lights in your home get dim when you turn on your electric iron, toaster or other electrical appliances? Do you often have fuses blow? These are symptoms of overloaded wiring. MAYOR URGES CITIZENS AID CLOTHING DRIVE

Mayor Paul M. Goddard has appealed to Newton citizens to support the United National Clothing Collection which started in the city on April 9.

Mrs. F. Britain Kennedy, chairman for Newton, outlined the campaign as follows:

"One hundred and twenty-five million persons in the liberated countries of Europe are in desperate need of clothing, shoes, and bedding."

"The National Clothing Collection is a united effort on the part of UNRRA (United Nations Relief and Rehabilitation Administration) and various voluntary war relief agencies of the United States. The purpose of the collection is to secure the maximum quantity of good used clothing for free distribution to needy and destitute men, women, and children in war devastated countries."

"Residents of Newton have been asked to deliver to fire stations, schools, churches, and possibly other centers their donations to the collection. School children have been asked to bring in to the schools from their families and neighbors all donations that they can carry. Clothing will be sorted, packed, and marked by a large group of volunteer citizens and shipped to embarkation points."

Serving on the Newton Planning Committee of which Mrs. Kennedy is chairman, are Miss Adelaide B. Ball, Mrs. Paul M. Goddard, Robert C. Thompson, Roy S. Edwards, Philip O. Ahlin, H. J. Pettengill, Harold B. Gores, Richard M. Fennelly, Orville O. Clapper, Benjamin F. Louis and Warren W. Oliver.

NEWTON SCHOOL ON WEST NEWTON HILL RECOMMENDED

At the request of the School Committee, Mayor Paul M. Goddard submitted to the Board of Aldermen a recommendation that land at Temple and Berkeley streets, on West Newton Hill, be acquired by the city at a cost of \$25,000 as a site for a new school building, the construction of which

would be a post war project. This site contains 207,027 square feet of land. The board referred the matter to the Finance Committee for study.

The board made appropriations of \$5,500 for the completion of the Brookline Street sewer project, \$5,500 for the purchase of three boilers for the Angier School and \$650 for elimination of a dead end main on Ridge road east of Varick road for a distance of 136 feet.

The board voted unanimously to disapprove the application of the Mobeco Company for a permit for a billboard on the wall of the store at 967 Washington street, Newtonville. The action of the board, however, is not conclusive as such licenses are issued by the State Department of Public Works.

ELIOT MEN'S CLUB HOLD ANNUAL MEETING

A buffet type supper, under the direction of Edward L. Bliss, preceded the business meeting of the Eliot Men's Club on April 2nd, at which the annual election of officers took place. The new officers are: President, Norman R. Millard; vice president, Herbert M. Dunn; secretary, Bruce S. Winters; and treasurer, Loomis M. Gayzagian.

Elected to serve on the Executive Board were Henry R. Condon, George T. Pascoe, and William Clarke Custer.

The guest speaker of the evening was Joseph E. Perry, President of the Newton Savings Bank, whose subject was "Marching Millions."

ALDERMEN PLAN MOSQUITO CONTROL

The city of Newton, having received complaints year after year about mosquito nuisances in various parts of the city, is going to do something about it this year. At the meeting of the Board of Aldermen, Mayor Paul M. Goddard recommended the appropriation of \$6,000 for mosquito control.

The project, sponsored by the Health Department, will be carried out by the Street Department and the methods employed will in-

clude the draining of swampy areas and the use of crude oil to eliminate mosquito breeding places.

Dr. Ernest M. Morris, director of public health of Newton said that many other communities of Greater Boston are planning similar projects this year. Dr. Morris said an attempt will also be made to educate the public to stamp out mosquito breeding places on private property.

The city of Newton is particularly hard hit by the mosquito menace because several miles of the Charles River wind through the city and the swampy banks of the river in many places are infested with mosquitoes every summer.

HITCHENS OBSERVE 25TH WEDDING ANNIVERSARY

In observance of Rev. Herbert Hitchen, D.D., and Mrs. Hitchen's 25th wedding anniversary and the start of their 15th year at the First Unitarian Church in Newton, West Newton, nearly 300 parishioners gathered on Saturday evening, March 31, in their honor in the Parish House.

Marshall B. Dalton, chairman of the Board of Trustees, presented Dr. and Mrs. Hitchen with a chest of silverware and a purse of money from their parishioners. Mrs. Marshall B. Dalton, president of the Woman's Alliance, was chairman of the arrangement committee.

Dr. and Mrs. Hitchen were married in Leeds, Yorkshire, England, on March 30, 1920, and came to America six weeks later. Dr. Hitchen's first parish was the Adams Memorial Church in Dunkirk, New York from which he came to Newton on Easter Sunday, 1931.

Dr. and Mrs. Hitchen make their home at 17 Samoset road, West Newton. They have three children, Mrs. Edward True Davis, (Sheila Hitchen) whose husband was wounded in action in France and is now at the Lovell General Hospital, Fort Devens; Muriel, and Joyce Hitchen, and one grandchild, Geoffrey Winslow Davis.

The display, the property of Dr. Frank A. Jasset, was prepared by him and loaned to the bank. The collection contains every copper penny issued since 1793 when the United States began minting coins.

From 1773 to 1857 the coins were large; from 1857 to 1909 they were Indian head pennies and from that year to the present, the Lincoln head coins have been in circulation.

The race for mayor will be on in the fall. Hugh Boyd is reported to be a prospective candidate. Roy Edwards' name was mentioned, but Roy, talking with this department the other day, said, "No." City Hall had no attraction for him, he said, inasmuch as all his time was devoted to his various duties in the interest of Newton's servicemen and women.

Message -

(Continued from Page 1)

For the past few years the streets of Nonantum have had an increasingly small number of youths visible. In addition a large number of the younger married men who resided there have gone into the armed services; fathers of five and six children. And some of these have paid the supreme sacrifice.

From the Parish of Our Lady 1172 have been inducted, a large percentage of these were from Nonantum. From the French parish of St. Jean Evangeliste in Nonantum 140 have gone, from the North Congregational Church, 33, and from Little Congregation Agutias Achim, 6.

Many of the Nonantum young men who have been in the armed services are of Italian parentage, and some of them had the enjoyable experience of having had opportunities to visit relatives in Italy while serving with the forces which have been waging the long campaign in that country against the Germans. One such is 1st. Sergeant Gerard (Jerry) Leone of 29 Bridge street, now home on a furlough. He made several visits to his aunts who reside in the little town of San Donato val di Comino, which lies a few miles north of the war ruins of ancient abbey of Monte Cassino. Jerry, who has been in the Army 4 years, has proved his worth and is a top sergeant in the 289th. Q. M. Battalion of the 5th Army.

Another Nonantumite recently home on a furlough is little Joe Murphy of 20 Dally street. Joe, who radiates good fellowship and comedy, is the life of any party and a great morale upbuilder. He is a wizard at figures and quickly reached the rank of Staff Sergeant. He expected to go overseas long ago, but they value his services so highly at Newport News that they have kept him there.

"War is Hell," as Sherman said, it brings many evils, but it also brings a resurgence of religion to many. Newton is no exception in this respect. Numerous of all religious faiths have shown this by increased participation in church services since the war began.

Of special interest in Newton religious activities at present are—the observance of the 100th anniversary of Eliot Congregational Church at Newton, where Rev. Ray Eusden has ministered successfully for more than 20 years. At Auburndale work on the new Church of the Messiah is steadily progressing under the militant leadership of Rev. Richard McCloskey. This man, as vicar, a soldier of Christ as he was an athlete at Dartmouth, not only assumed this heavy task, but also the duties of chaplain of the Newton Fire Department, and a member of the Newton Recreation Commission.

Members of Our Lady's Parish are to gather at Hotel Continental

on Wednesday night, April 18, to manifest their esteem for Rev. Russell Haley who for 20 years was a zealous curate and assistant pastor at Newton. He was recently transferred to St. James Parish at Salem. Father Haley is one of the winningest friends of the fellows in the armed services.

And on Monday night, April 16, members of the Nonantum Italian colony will assemble in Columbus Hall to show their affection for Rev. James Fahey, for 13 years Illustro Padre for the people of that race. Working under poor health, he made hundreds of Nonantum Italians regular attendants at Our Lady's Church. He was also recently transferred to Salem as pastor of St. Mary's Italian Church in that city. He has the good fortune to be near his associate of many years, Father Haley; and both are only a few miles from Rev. Thomas Fallon, for 14 years a curate at Our Lady's, and now stationed at Lynn.

FACTS ABOUT NEWTON

In the 20-year period 1920-1940 the population of Newton increased from 46,054 to 69,873. As of January 1, 1945 the estimated population, including those in the Armed Services was 73,200.

In 1940 there were 18,335 dwelling units in the city, of which 7795 or 42½% were constructed between 1920 and 1945.

BRUCE WHITNEY TO BE ONE OF FIRST WCOP MUSI-KIDS

Bruce Whitney, 10, of 61 Eric avenue, Newton Highlands, will be one of the first three Musi-Kids on radio station WCOP's new program, the Musi-Kids Quiz.

Designed for musically inclined young people from six to fifteen years of age, the program will be heard each Friday night, and will feature three youngsters who will answer questions on music, classical and popular. In addition, each week a talented boy or girl will play or sing as the Music Master of the Day. A lifelong resident of Newton, Commissioner Childs resides with his wife and daughter, Kathleen, at 340 California street, Newton.

His son, Edwin O. Childs, Jr., a veteran of the African, Sicilian and Normandy campaigns, is now serving in the Field Artillery with the First Army in Germany.

Lt.-Comdr. Knudsen To Address YMCA Annual Meeting

Lt. Commander Carl Knudsen of the United States Navy will be the speaker at the 68th Annual Meeting and Dinner of the Newton YMCA on Monday evening, April 30th, at 6:30 o'clock at the Association building. "News From the Battlefield" will be the subject of his talk and he will endeavor to tell us the thoughts and reactions of our boys in the Pacific Area, especially regarding folks on the home front.

Frederick Sayford Bacon, President of the YMCA, will be toastmaster and will preside at the short business session. Frank A. Day, Jr., Chairman of the Nominating Committee, will report on nominees for the Board of Directors and Trustees. Clarence R. Mease, General Secretary, will make a short report on the activities of the Association during the past year. A printed annual report will be available for the guests. Because of space and food limitations, the number attending the annual dinner will be limited to two hundred.

Commander Knudsen has recently returned from service in the Pacific Area where he was in close contact with great numbers of both Army and Navy personnel. As a Chaplain he was able to get a clear picture of what our boys are thinking of over there, and he will tell of his actual experiences with them.

The meeting is open to members and friends of the "Y," and reservations should be made at the office at once.

Stop Regulation Ignored, Accident Results

According to the records, "the road was straight, atmospheric conditions were clear and the road surface was dry. In broad daylight, on a smooth surface and with no obstructions to view..."

Yet the automobile in the picture got that way at the intersection of Commonwealth avenue and Homer street. A nice car, one of the best, it's a bit of a wreck as the result of somebody's carelessness.

The driver testified he was driving along Commonwealth avenue. As he approached the cross-over at Lowell avenue, he observed a car coming out of that street at 40 miles per hour and failing to even so much as apply the brakes at the stop and enter sign. He then used his own brakes, too late to avoid the crash.

That was his story. Travelling south on Lowell avenue, the operator of the other car involved in the accident, reported that he made a complete stop at the intersection of Lowell and

Commonwealth avenues. Then after looking in every direction with no cars in sight, he started across, only to discover a car bearing down on him at a speed of 50 miles per hour. He struck the approaching car while crossing the intersection at a speed of 10 miles an hour.

He was then removed to the Newton Hospital in a police ambulance.

That was his story and, in court, later, he was found not guilty of driving so as to endanger.

Both cars were towed from the scene and Inspector Edward W. Chadwick, a member of the Newton Police Department for 24 years, observed that a little pressure on the brake pedal would have avoided a lot of trouble.

Inspector Chadwick, who rode a police motorcycle on the highways with Sergeant William Dowling, now in charge of the traffic bureau, offers the advice to motorists and pedestrians, that ninety per

cent of all accidents are avoidable if due care is observed at all times.

Newton High School News

On Friday, April 6, a U. S. Navy truck arrived at the high school to collect the gifts for the ship YOG 67. The inspiration came from Lt. Peter Donovan Jr., the ship's captain and a Newton High School graduate, class of 1936. Bud Donovan spoke to the legislature which in turn voted unanimously to support a drive for recreational material for a crew of three officers and thirty enlisted men. This happened early in March and as a result the pile of donations grew and grew. The successful conclusion of the drive left no doubts about the generosity and spirit of friendship of the high school students. The truck was loaded down with a marvelous assortment. There were three violas, a radio, musical instruments, athletic equipment, books, games, and ash trays. In fact, so much was contributed that in all probability, it will be shared with the crews on similar vessels.

\$996.68 in cash was also contributed from which a \$98.50 washing machine will be bought. Some money will be spent in restoring the donations to first rate condition, while the balance will be set aside as a ship fund.

The YOG 67 is a new 200 foot gasoline tanker and is classed as a fleet auxiliary. Because the YOG 67 is not a combat ship it is not as well equipped with recreational facilities as are larger warships. It was explained that the high school could act as a sponsor by providing needed equipment. The donations will help immeasurably in relieving the tension for the men on the long ocean voyages when the tanker is not supplying fuel for the more glamorous elements of the Navy's might.

Mr. Green and Dick Cattell, chairman of the Collection Committee, were on hand at the presentation as the school's representatives. On hand to represent YOG 67 were Lt. Donovan and his skeleton crew: G. A. Mose, Ch. Bosh USN, C. Babbidge, B.M. 1-c and J. Cullen E.M. 2-c. In their opinion, the most popular gift of all was the Irish setter pup, contributed by sophomore Bill Buschen. The sailors started thinking of an appropriate name for the affectionate little tan colored dog. Chief Mose commented that the pup would need a little life jacket. All agreed that he would get the best of care and would soon become used to his new floating home.

The collection committee received a letter from the captain in behalf of the crew as a testimonial of appreciation for a job well done. The letter is reprinted herein.

Dear Friends:

For the amazingly large fund and collection of practical gifts, every officer and man aboard wishes you grateful and hearty thanks.

We should be delighted to thank each contributor individually. We want to show a deep appreciation for such real generosity on your part.

We know, using Newton's gifts, our ship will be that much more like home.

You may expect to hear from us in the near future and we shall always be your close friends.

Sincerely yours,
Peter F. Donovan, Jr.

Assistance Given 136 Families by Newton Family Service Bureau

Newton, April 12.—At a meeting of the Board of Directors of the Newton Family Service Bureau, a Community Chest agency, Wednesday it was voted to maintain a skeleton staff of case workers at their headquarters, 12 Austin street, Newtonville, during July and August. Service is being given to 136 families at the present time, it was reported by Miss Jane Ludy, General Secretary of the Bureau. Many of them are families of servicemen. Families of commissioned officers find helpful counsel in their problem of selecting summer camps for their children, Miss Ludy said.

The resignation of Mrs. Catharine S. Holden, a valued case worker for three and a half years with the Bureau, was announced by the President, Mrs. W. V. M. Fawcett.

Reports from three members of the Board on visits they had made to the Fernald, Wrentham and Monson State schools were favorable in spite of the heavy additional burdens war conditions have brought, the main one of which is manpower shortage on their staffs.

Newton Obituaries

MABEL MASON WEBBER
Mrs. Mabel Mason Webber, of 66 Pleasant street, Newton Centre, died suddenly April 5th at the Phillips House. She was the daughter of Lillian Balch Mason and the late Frank Albee Mason, prominent Boston attorney, and also the granddaughter of the late David Haven Mason, noted lawyer and educator, for whom the Mason School in Newton Centre was named.

In the last few years she devoted much of her time to volunteer work for the Ration Board and Report Centres, and more recently to the U.S.O. Buddies' Club on Boston Common, where she will be keenly missed by her fellow-workers.
Besides her mother, she leaves two sons—Corporal Ralph B. Webber, Jr., U.S.A.A.F., now overseas and S. L. (R.M.) Frank Mason Webber, U.S.N.R., stationed at Great Lakes Naval Training Center, Ill. She also leaves a sister, Mrs. James Hunter Orr (Eleanor Mason) of Newton Centre.
Funeral services were held at the Newton Cemetery Chapel on Monday, April 9, with Dr. Vincent Ravioli, minister of the Newton Centre Unitarian Church, officiating.

MARY A. MAGUIRE
Funeral services for Miss Mary A. Maguire were held on Thursday morning from her home, 24 Crafts street, Newtonville. A solemn requiem mass was celebrated in the Church of Our Lady by Rev. Daniel Taglino assisted by Rev. Arthur I. Norton, deacon and Rev. John H. Quinlan, sub-deacon. A delegation of priests from the New England Telephone Company headed by Miss Sarah Brown, Mrs. William J. Gerity led a group from Our Lady's Sodality and Mrs. Mary E. Murphy led a group of members of the Guild of the Good Shepherd. Burial was in Calvary Cemetery, Waltham with prayers by Fr. Norton.

Miss Maguire who had been employed in the revenue department of the New England Telephone and Telegraph Company at Waltham, died on April 2, following a brief illness. She was in her 37th year and was born in Newton, the daughter of Charles and Mary (Concannon) Maguire.
Surviving her are three sisters, Miss Catherine M. Maguire and four brothers, Sgt. James J. with the A. T. S. in India; Sgt. Edward T. with the A.A.F. in India; Sgt. Walter A. with the Army in the Philippines and Charles J. Maguire of Newtonville.

D. MORLEY LODGE
D. Morley Lodge, owner and treasurer of the John T. Lodge Company of Watertown, died on Tuesday, April 10, at his home, 17 Old England road, Chestnut Hill.
Mr. Lodge was in his 59th year. He was born in Newton and attended the Newton schools and the Allen School at West Newton. In 1905 he became associated with his father in the wool business in which he had been active up to the time of his death.
He was a member of the Algonquin Club, Hingham Yacht Club, Winslow Lewis Lodge, AF&AM, the Boston Wool Trade, the National Wool Manufacturers, and was a trustee of the Waltham Hospital.

He is survived by his wife, Mrs. Sarah B. Lodge, and two sons, David M. Jr. of Chestnut Hill and John Lodge, 2nd, with the Army Quartermaster Corps in Belgium.
Funeral services will be held Friday afternoon at 2 o'clock in the Newton Cemetery Chapel. Burial will be in the Newton Cemetery.

DOROTHY C. SHAW

Dorothy E. Shaw, wife of Henry Shaw of 76 Westland Ave., Watertown, died suddenly at her home on Wednesday, April 4.
She was the daughter of Mrs. Frederick F. Williams of Fair Oaks avenue, Newtonville and the late Mr. Williams.
She was a graduate of the Newton High School and Simmons College.
Surviving her are her husband, two sons, Frederick C. and Peter F., her mother and her sister, Ruth D. Williams.
Funeral services were held at the Church of the First Parish of Weston on Friday afternoon, April 6.
Interment was at Groton, Mass.

ARTHUR T. LOVETT
It will seem very sad and strange to call at the Lovett home in West Newton, and not receive the warm hand clasp and friendly greeting of Arthur Lovett, who left us Easter night, after a brief illness. Indeed, there are not many homes in Newton, I think, where such sincere friendship was expressed by all members of the family.
Nothing was too small or trivial to interest Arthur Lovett, if it brought happiness to others. He thought it well worth while to his limited strength, to plant his fruit and beautiful flowers, and carry them to those who were ill, or in sorrow, or not as happily placed in life as he was. His many friends came from all walks of life, and there were no class distinctions with him, and his living expressed itself in unselfish devotion to family and friends. We are all sorrowing with his loved ones, and sending them our heartfelt sympathy.

with Ken and Carolyn

We get many questions in our Kitchen and this one is an old one. Does the Secret Cod which hangs in majesty in the State House really wink? He is carved of wood, but rumor says he winks a merry eye at staring visitors and industrious statesmen.

Perhaps he winks because he knows that he was one of the greatest sources of the wealth of the Commonwealth. Codfish and rum built many mighty Puritan fortunes and many colonists were induced to sail to this wild land because of the great wealth of its fishing. The cod fisheries were so great and so lucrative that the adventurous stayed even though they were damped in their spirits by the Indian's unquenchable enthusiasm for scalping.

In 1784, Massachusetts decided to honor the codfish and his wooden portrait was carved and printed and hung in the fine new State House. Mr. Bulfinch built to house it and the lawmakers.

In Massachusetts, the codfish is worthy of our finest culinary efforts and we applaud Imogene Walcott's recipe. To sprinkle the cleaned fish inside and out with salt, lay it in a greased pan and stuff it to bursting with an oyster stuffing. Sew the edges together with coarse thread, then gash the fish in four places and insert strips of salt pork. Bake it in a hot oven for thirty to forty minutes and serve it with Duff's Margarine and minced parsley.

As we write these deathless words, it is the week after Easter, and we are concerned with the best way of keeping our Easter gifts plain and call on Allen Wood for help.

He assures us that many of them can be kept and successfully used in any of the ways you wish for enlightenment on your plant and garden problems to write us in care of the Yankee Network in Boston, and we shall have Allen answer you all. Some day we hope to see him stuck. So far that has never come.

crushes our pride, for we sang the praises of paper bag cookery a long time ago—that succulent method of baking invented by Nicholas Soyer.

Nicholas Soyer was the inventive grandson of Alexis Soyer who was perhaps the most enterprising man who ever worked to feed an army.

His exploits read like the story of the lives of a dozen men. He invented a famous sauce, wrote best-selling cookbooks, was chef at the Reform Club in London, and in time of necessity, offered his services to his government and worked miracles.

Alexis Soyer fed the Irish, during the great famine. And he changed army cooking for all time by insisting that the cooks be trained, that they be allowed to use salt and pepper and that they wash dishes between cooking different things in those dishes.

He ended the day when tea was made in a soup pot after the soup had been emptied.

And Alexis Soyer invented the army stove that consumes so little fuel and that is still used to this day, practically unchanged, from what it was when he invented it in the days of the Crimean War.

Which seems to prove that if you invent well, and make a thing as nearly perfect as you can, that you have made something that will endure.

So long, everybody! Products Recommended by Ken and Carolyn

**Brave little Hearts
that will Never Forget!**

Hard and cruel have been the lives of young ones in war-torn countries. Children like these—30 million of them—are hungry, homeless, nearly naked. Deaths from exposure are often as many as deaths from starvation. Tuberculosis and typhus run rampant among them.

Never will their brave hearts forget the horrors of war. Never will their grateful hearts forget your gift of the clothing they so sorely need—clothing which now hangs unused in your closet—or reposes forgotten in your attic.

And remember, these pitiful children of today will be our proud partners of tomorrow in keeping the permanent peace we are all fighting for! Isn't their everlasting friendship worth your spare clothing?

America must help clothe about 125 million men, women, and children in Europe alone. This month, America must collect 150 million pounds of serviceable used clothing to take care of part of their needs.

Some of that clothing must be yours—as much as you can spare.

Will you do your share today?

What YOU Can Do!

- 1 Get together all the serviceable used summer and winter clothing you can spare. This includes: Men's, women's, children's, and infants' wear, and shoes. Overcoats, topcoats, suits, dresses, shirts, skirts, jackets, pants, workclothes, gloves, underwear, sleeping garments, robes, sweaters, shawls, and all knit goods. Also blankets, bedclothes.
- 2 Take your contribution to your Local COLLECTION DEPOT now or arrange to have your LOCAL COMMITTEE collect it before April 30th.
- 3 Support your Local Committee not only with your clothing contribution but also with your time, effort, and energy.

Clothing Collection Campaign Producing Excellent Results

Tons of Clothing and Bedding Still Needed

The United National clothing collection in Newton has now reached such proportions that a large army of volunteers are required to work day and night, sorting, packing and shipping the clothing collected from fire stations, postoffices, churches and schools. By the end of the week it is expected that at least two carloads will be ready for shipment. Mrs. Kennedy, chairman of the Newton Committee, has expressed appreciation for the assistance, donations of packing materials, etc., given by the following Newton firms and organizations: The Newton Trust Co., Ruane, Boston Knitting Mills, G. & S. Paper Co., Newton Supply Co., Moore & Moore, Inc., Harney Hardware Co., N. E. Toro Co., Chandler Hardware Co., Newton Fire Dept., Sea Scouts, Boy Scouts, Garden City Print, C. F. Eddy Coal Co.

Nearly 100,000 items have been collected, and Newton's quota of 170 tons would make about one million items of shoes, clothing, bedding, etc., still needed.

It is urged that those who can, will volunteer their services, in assisting in the preparation of this huge quantity of clothing for shipment. Please call Mr. Clapper, Bigelow 7000 or Mr. Colburn, Lasell 6240 if you can help.

In war torn lands hunger is now feared less than lack of clothing. Death and disease from exposure now surpass the toll of starvation, it was revealed recently by Herbert H. Lehman, Director General of the United Nations Relief and Rehabilitation Administration, in a White House meeting of civic, religious and business leaders.

"We have had cases in some of these countries," said Mr. Lehman, "where, in spite of starvation, their cables indicated that they wanted priorities given to clothing rather than to food. That is how bad the situation is."

With large textile shortages for non-military materials in the United States, England and Canada, Mr. Lehman said that the only way to fill even a fraction of the need overseas is to ask civilians here to contribute usable used clothing to the April drive of the United National Clothing Collection.

Mr. Lehman described a recent trip to France where he saw camps for Yugoslavs, Poles, Russians, Belgians, Dutch and other nationalities. "I can assure you," he said, "that most of the people I saw there were in rags. There was nothing else that they could get."

"I could multiply these instances many fold, but I don't think that it is necessary," added Mr. Lehman. He gave assurance that the United National Clothing Collection would save many lives, and that no work is greater than that of supplying serviceable used clothing to destitute people overseas.

Newton residents are asked to search their attics and closets and take any wearable item of clothing or bedding that can be spared, to the nearest fire station, postoffice, school or church. Newton's quota of 170 tons, averages five pounds from every person. "What can you spare that they can wear?"

From ten o'clock until 12 o'clock on Wednesday mornings at the Nutrition Center in Newton Corner the Newton Nutritionists, Miss Margaret Phillips, Mrs. Jean L. Eastman, are ready to help solve problems about what to have for the kind of breakfast we need, or how to design a healthy, good-tasting dinner when we cannot buy meat. PRESIDENT TRUMAN

In his first formal words to Congress, and to the country, on Monday, President Truman allayed the fears of many that there had been thrust into the Presidency a man who did not measure up to the exacting responsibilities of the office in this critical time. For his words, but even more, the manner in which they were uttered, indicated that here is a man of strength and will and realism.

He left no shadow of doubt that his aim, like that of his predecessor, is unconditional surrender as far as the war is concerned. As for the peace to come, we "must work and if necessary fight" for peace. But realist that he is, he recognizes that the task of international organization for a lasting peace will be "complicated and difficult," and he adds the fundamental truth that "without such machinery the entire world will have to remain an armed camp."

The minute it became known that Truman was to step up into the Presidency, it was reiterated again and again that the esteem in which he is held by his former Congressional colleagues presages a new era of cooperation between the White House and the legislative branch of the government. Such cooperation is essential if recalcitrant Congressmen are not to rob legislation for international accord of its sap and vigor. Indeed, he reminded the Congress that only with its help could he, as Chief Executive, hope to complete the great tasks which lie ahead.

Deeds must give reality and substance to words, but in his first formal message to the country President Truman inspired us with the confidence that he will be, as he himself expressed the desire to be, "a good and faithful servant."

WHERE IS THE BLACK MARKET?

The "black market" is not a back room or shop in a dark alley, where in dark of night meat is sold without red points. And "black marketers" aren't shifty-eyed outlaws. It is more subtle than that—for the "black market" which threatens today to break down our rationing system and our fight to keep prices and distribution fair is the corner market that sells meat for a few cents above the ceiling price. The black marketer is the housewife who buys meat without enough red points to meet the full ration price, or the meatman who sells her the meat without accepting any red points.

The "black markets" are flourishing today, in the open, because a few market men, wholesalers and retailers, won't play the rules of the game, and some housewives are willing to go along with them. And it can happen in your neighborhood.

In this area, we might as well face the fact that there is going to be less meat in May than in April, with no relief promised until autumn. There will be more poultry and fish, OPA promises, but no beef or pork. And this has a sobering effect on the average consumer who used some 170 pounds of meat in a prewar year—who got 115 pounds in the year ending April, 1944, and who is getting less this April.

He finds it hard to accept the fact that New England, being farthest away from the meat supply source of the middle west, has always brought in about 85 per cent of its meat, and that now there is less meat in mid-western packers' warehouses to ship to us. Before the war, New England was a secondary market, and about 20 packers sent us their surplus meat. Now they have no surplus. OPA's answer to this is to increase the number of Federal inspected slaughter houses in New England, to produce more meat that can be used within these six states.

OPA also plans to employ more investigators and attorneys, and to prosecute vigorously all those who violate rationing rules in the coming months.

On April 23, the Congressional House Food Investigating Committee, under Chairman Anderson, comes to Boston with its 44-man group to look into the black market channels here. Rumors have said that 80 per cent of our meat today is black market meat, but that is strongly denied by OPA officials, who check tokens, check the retailers, wholesalers, restaurants, hotels; check the poundage of meat coming into this area, and the red points submitted. But civilians will watch this committee with a keen eye.

THE FIRST CHURCH OF CHRIST, SCIENTIST

"Doctrine of Atonement" is the subject of the Lesson-Sermon to be read in The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts, and in all of its branches, on Sunday, April 22.

The Golden Text, "If any man be in Christ, he is a new creature; old things are passed away; behold, all things are become new," is from II Corinthians 5:17. Other Bible citations include, "Let not your heart be troubled; ye believe in God, believe also in me." Verily, verily, I say unto you, He that believeth on me, the works that I do shall he do also; and greater works than these shall he do; because I go unto my Father" (John 14:1-12).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, "Jesus of Nazareth taught and demonstrated man's oneness with the Father, and for this we owe him endless homage. His mission was both individual and collective. He did life's work aright not only in justice to himself, but in mercy to mortals,—to show them how to do theirs, but not to do it for them nor to relieve them of a single responsibility" (p. 18).

Franklin Delano Roosevelt

A truly great man has laid down his heavy burden and gone to a well-earned rest. This is not the time to attempt any appraisal of our late President's accomplishments. Neither is it the time for a single false note to be sounded. It was unfortunate that a leading newspaper stated in its editorial that "Few American Presidents have been hated more bitterly." That may, possibly, be fairly close to the truth. However, in this critical period in our history it is more fitting to close ranks and march forward toward the goal the United Nations have been struggling to reach for so many bitter years of struggle, suffering and privation. History will duly appraise and record the ultimate record of this phenomenal man, acclaimed by all men, friend and foe alike, as a man of outstanding ability, rare vision, the gift of leadership and almost superhuman courage.

Never in fifty years has this writer experienced the sensations flowing from the tragic news of Franklin Roosevelt's sudden death. All commercial programs, without exception, were cancelled by radio stations. There was nothing but news, music, tributes from prominent people everywhere, in this country and abroad. Even the Pope was awakened from his slumber and promptly issued a stirring statement. The great, the near-great and just plain American citizens who had come to love their inspired war time leader, all joined in the most solemn and impressive tribute ever known to an American of this day and age. Perhaps one of the most significant reactions was that of a hard-boiled sergeant in the army overseas. This soldier dashed back to his company headquarters and asked to be sent immediately on the most dangerous mission available. He had voted for his Commander-in-Chief on four consecutive occasions, he felt that Mr. Roosevelt had laid down his life for his country and he instinctively wanted to make the biggest personal contribution possible. As one commentator phrased it,—"God help the Japs when our soldiers meet them in battle from now on." That, incidentally, takes care of one important aspect of the current situation, namely, what happens to the war from this point on. I think that we may safely count on the fierce prosecution of the war on both major fronts. Would that our President might have lived to see his most cherished dream come true—the end of the war and the successful establishment of a world-security organization for the prevention of future wars.

May the chronic skeptics be stilled for the moment at least. May those who fought the President tooth and nail over the years be guided by their finer instincts and a sense of deep patriotism. Let them now come out in the open and say publicly what so many of them have whispered privately for twelve long, grueling years. You know what I mean. It is no secret. Even Mr. Roosevelt's sternest enemies in the political arena have granted time and time again, but usually in private conversation, that there was a truly great man, a born leader, a statesman with keen vision and above all, a man with the courage of a lion. Let these same men in our public life now rally behind our new President, Harry S. Truman of Missouri, on whose shoulders have been laid the heaviest burden in the world of today. He may not be the biggest man available, but neither was Calvin Coolidge in 1923. Both men came from the great middle-class and from small towns. Both men owed their elevation to the highest post in the United States to an act of God. Coolidge kept the ship of state on an even keel. Harry S. Truman will do the same. He is capable, honest and well-trained in the field of politics. He knows the Senate, from which he came to the Vice-Presidency, like a book. That augurs well for close co-operation between the White House and the treaty-making branch of our government. As head of the original Truman Committee he knows more about our war effort, on the domestic front, at least, than any other man. Remember that. It will mean something when we start reconversion.

One more word. What is the finest tribute which any of us can pay our fallen Chief? Is it not to bear down relentlessly on the Axis partners, crush them at the earliest possible moment and then go forward to the building of a real League of Nations, WITH TEETH, which will see to it that never again shall the world be laid waste by autocrats of crime? Can we pay a finer tribute than that? I doubt it.

Franklin Delano Roosevelt has left us, in body. His dauntless spirit will live forever in the hearts and minds and souls of all those who love freedom,—freedom to work, to play and to worship God according to one's own conscience. "Our President is dead. Long live our President."

Aldermen Pass Resolution on Death of President

The following resolution was unanimously adopted by the Newton Board of Aldermen on Monday night at an impressive service held in honor of our late President Franklin Delano Roosevelt—

Whereas: God in His wisdom has seen fit to take from us and from the nation Franklin Delano Roosevelt, President of the United States, and Commander-in-Chief of the Armed Forces, at a time when the victory he so ardently desired is near, but when problems press heavily upon our country and upon the world.

Be it Resolved: That the citizens of Newton, Massachusetts through their Board of Aldermen hereby express their deep sorrow at his passing; and, with earnest prayer that we and the nation be worthy and capable of the great problems that confront us, do also express our sincere appreciation of his clearness of vision, his courage, and his ceaseless efforts for the betterment of humanity, for the destruction of all the forces of evil and for permanent peace in this world.

Be it further Resolved: That a copy of these Resolutions be recorded on the records of the Board of Aldermen, and that a copy be sent to Mrs. Roosevelt.

Fred C. Alexander, James P. Akin, Donald L. Gibbs.

The resolution was read by Alderman Fred C. Alexander, chairman of a committee appointed by President Joseph B. Jamieson for the purpose of drawing up the resolution.

A prayer was offered by Rev. Herbert Hitchen, D.D., minister of the West Newton Unitarian Church who paid high tribute to the late president in a eulogy in which he said in part "he gave himself so unstintingly in the service to which he was called that it amounted to the Supreme Sacrifice—as truly as though he had died on the battlefield."

Chairman Appointed for Cushing Hospital Unit United Grey Ladies

Mrs. William Young, Chairman Volunteer Special Services, Newton Chapter Red Cross, announces the appointment of Mrs. Willard Wright as Chairman of the Cushing Hospital unit, Gray Lady Corps. Prior to her appointment, Mrs. Wright served as a Gray Lady at Newton Hospital for nearly three years.

Memorial Service for Franklin D. Roosevelt

A memorial service for Franklin Delano Roosevelt was held Saturday, April 14 at 4 p.m. by First Church of Christ, Scientist, Newton, in the church edifice, 381 Walnut street, Newtonville.

Edmunds P. Lingham of Newton Highlands, First Reader, conducted the service which was well attended.

The service opened with Hymn 207 from the Christian Science Hymnal after which Mr. Lingham read the following:

"In compliance with the proclamation of the President of the United States, and of the Governor of our Commonwealth, we have assembled in this, our church edifice, to unite with other good people in our tribute of love and respect to the late President, and to extend our deepest sympathy to his family and relatives. In another war period, Mary Baker Eddy gave us this earnest exhortation:

"Pray that the divine presence may still guide and bless our chief Magistrate, those associated with his executive trust, and our national judiciary; give to our Congress wisdom, and uphold our nation with the right arm of his righteousness."

The balance of the service was as follows:

Reading of the 91st Psalm: "Silent Prayer," followed by the audible repetition of the Lord's Prayer;

Appropriate selections from the Bible and the Christian Science textbook;

Closing Hymn;

Reading of the Scientific Statement of Being as found on page 468 of the Christian Science Textbook, followed by the correlative Scripture: I John 3: 1-3;

The benediction was from II Thessalonians:

"Now our Lord Jesus Christ himself, and God, even our father, which hath given us everlasting consolation and good hope through grace, Comfort your hearts, and establish you in every good word and work."

Mrs. Shirley R. MacCloskey, organist, played as a prelude, "The Lord is Mindful of His Own" from Mendelssohn's St. Paul Oratorio, the Prayer from Handel and Greta by Humperdinck, and three hymns. The postlude was the Andante from the Sixth Organ Symphony of Mendelssohn.

NEWTON In The Past

55 Years Ago
Newton Graphic, April 18, 1890
The work of improvement in Hunnewell avenue commences this week. It is to be widened to forty feet, graded, drained, sidewalks made and new side streets laid out, which with the natural fine lay of the land is going to make this one of the finest avenues in the city. The new street running north, nearly opposite the Pope estate and between the Moore and Stephenson estate is to be called Fairview street, and a new street nearly opposite running south is to be called Linder Terrace. These are to be put in fine order which will bring some fine building lots into the market.

Work has commenced on the building for contagious diseases on land adjoining the Cottage Hospital.

Newton has been divided into 13 census districts, and the work must be done in two weeks, beginning June 2nd, and applicants for positions are now busy.

50 Years Ago

Newton Graphic, April 19, 1895
The New England Telephone & Telegraph Company has established a public pay station in Hudson's pharmacy, Newton. This will especially accommodate residents on the north side of the railroad.

The annual report of the inspectors of Gas Meters and Illuminating Gas gives some interesting figures in regard to the gas companies of the state, and their comparative excellence. There are 39 coal gas companies, whose average candle power is 17.98; 11 water gas companies with an average candle power of 23.64, and 9 mixed coal and gas, average 19.63. In regard to miles of street mains and amount of gas furnished, Newton has 73 miles of pipes and a consumption per mile of 865,000 feet.

Newton Graphic, April 16, 1920
The Albemarle Golf Club, West Newton, has begun extensive improvements in its grounds and clubhouse and is preparing for an active year.

The new addition to the parish house of Grace Church, Newton, was dedicated on Sunday. The building was filled with members and friends of Grace Church. After prayer and the singing of appropriate hymns, Bishop Lawrence gave a short address.

As soon as the weather permits canoe practice will begin in earnest, and preparation for Field Day Sports are now on. (From Lasell notes.)

The progress of the Newton Choral Society, the community chorus organized recently in this city, has been rapid. Already over 150 singers have been enrolled.

T-S J. B. Mason Reported Killed In Action

Tech. Sgt. James B. Mason, engineer gunner on a Liberator bomber, and son of Mr. and Mrs. Edward J. Mason of 243 Pearl street, Newton, is reported by the War Department to have been killed in action.

Sgt. Mason had previously been reported as missing in action since June 21, 1944, when his plane failed to return from a mission over Austria. He was then on his 48th mission, and had been awarded the Air Medal and four Oak Leaf Clusters.

He was a graduate of the Newton High school and entered the Army Air Forces on November 24, 1942 while employed at the Air Field in Manchester, N. H.

Besides his parents he leaves two brothers, Lt. Edward W. Mason, Army Air Forces, and Allan Mason, also a sister, Mrs. Joseph O'Donnell. His father served in World War I and was a sergeant in the Field Artillery.

A solemn memorial mass was celebrated in the Church of Our Lady, Newton, on Tuesday morning by Rev. John H. Quinlan, assisted by Rev. Daniel J. Taglino, deacon and Rev. Arthur I. Norton, sub-deacon. Delegations were present from Newton Post American Legion, Newton Post Italian-American Veterans of the World War, and the Raytheon Mfg. Company.

Lieut. H. R. Keller Killed in Action

Lt. H. Russell Keller, Jr., 27, U. S. N., son of Com. Harold R. Keller, U. S. N., and Mrs. Edith B. Keller, of 37 Sheffield road, Newtonville, lost his life in action over Kyushu on March 19, according to a Navy Department telegram which stated that Lt. Keller was "shot down in flames while brilliantly fighting." He was the pilot of a carrier-based plane.

Lt. Keller was one of three Naval Reserve men, who were recruited by the Senate for the Navy. He was graduated from Noble & Greenough School and Williams College, where he was an all New England lacrosse player for two years and varsity hockey goalie. He was called to active duty in October, 1940, and participated in the Battles of Casablanca, Norway, France, and the Mid-Atlantic and had been in the Pacific theater for four months. His brother, Pilot Officer J. Wilbur Keller, is a combat pilot in the USAF.

Com. Keller is stationed at the Boston Navy Yard. Mrs. Keller was just selected as "Massachusetts Mother" of 1945 by the Massachusetts Mothers' Committee of the Golden Rule Foundation.

Wiring the War World

As AMERICAN fighting units press forward on every front of the globe, they lay cable, set poles and hook up switchboards as they go. They are wiring the whole war world.

Producing telephone equipment for this vast system is a war job of first importance. Obviously it is a big one. To turn out the instruments, switchboards, cable, radar, electrical gun directors and secret combat equipment needed by the armed forces commands practically all the manufacturing capacity of the telephone industry in this country.

That's why there's a facilities shortage at home. That's why so many thousands of applicants in New England must wait for telephone service.

In the meantime, however, we shall continue to spread existing facilities as far and as fairly as possible.

We're grateful for the understanding and patience shown by so many applicants. We shall be as glad as they when we can again fill every request for service completely and promptly.

Newton District Nursing Ass'n

Once again the Newton District Nursing Association has distinguished itself—and this time it is in the field of Public Relations. The two entries submitted by the Publicity Contest of the Greater Boston Community Council, held recently, have won "Honorable Mention" by the committee which was headed by Mr. Nelson E. Hooper. Over 70 agencies submitted more than 500 pieces of publicity of varying categories, and the two entries of the Newton District Nursing Association were judged outstanding.

Most of the time at the April meeting of the Association was profitably spent in the discussion of the Board of Directors in bringing up to date, their manuals which contain complete information about this notable organization.

Miss Hilja Nelson, executive director, reported an increased number of visits to patients during the past month. The Newton District Nursing Association was organized in 1898, for the purpose of giving nursing care to the sick in their homes—this care to be given on a part-time basis, under the direction of a physician. In a period of 47 years, it has grown both in staff and services, and in spite of the shortage of nurses in the present emergency, it is still maintaining the high standard of service which typifies this fine organization.

Dining With Jane and Bill

Jane: There is a worthwhile bill up before the State Legislature. We ought to concern ourselves about it, Bill! I'm writing our representatives urging them to support it. We ought to get our friends aroused too. A little interest from the homemakers is what is needed, and besides it's for our good.

Bill: Say—what's this. Going in for politics, oh! Jane: It's bill H1016—"Bread and Flour Enrichment." I understand that under Federal War Food Order No. 1 certain white breads and flours have been enriched and will be until 6 months after the duration. Then, it's up to the individual states.

Bill: Well you know more about this enrichment than I do—what is it anyway? Do we still need it after the war emergency?

Jane: From what I've been reading I found out that enrichment means the addition to white bread and flour of thiamine, niacin, riboflavin (B-complex vitamins) and iron; all of which are likely to be low in the average American diet.

These vitamins and minerals are found in whole-wheat but are removed in the milling process. Since 97% of all flour milled in the United States last year was white flour, I think that it is essential that all white bread and flour be protected by enrichment.

Bill: I think you've got something there, Jane. Tell me, what's happened to the whole wheat flour? Aren't you still crusading for that?

Jane: Oh yes, whole wheat flour and bread is preferable but since the majority of families eat all or part white bread, we want to make this white bread carry as much nutritive value as possible.

Some of the best proteins are removed in the milling which are not returned to the enriched bread and flour. Then there may be removed from the whole grain other important substances which we do not know about. So I'm still in favor of "dark" cereals and breads, but I do think we should do all we can to push this present legislation for bread and flour enrichment.

NEWTON NUTRITION CENTER

Newton High School

Monday, April 2, was the day of the new student canteen opening. Dick Melick, chairman of the student committee, acted as master of ceremonies and introduced Mayor Paul M. Goddard; Clarence Mease, General Manager of the Y.M.C.A.; Jim Bryant, chairman of the Adult Committee; and Mrs. Lowery, the director of the canteen. He then turned the celebratory over to Joe Beauregard and his band.

Charlie Jepson has decorated the walls with six murals. Herbie Burns has painted the tables in gay colors and figures. The canteen now has a juke box, a coke machine, a piano, new overhead light fixtures and hot-air blower.

The Newton Trade School loaned a Public Address System and printed the membership tickets, which can be purchased for twenty-five cents at the canteen.

The student committee consists of Dick Melick, chairman, John Recco, Robert Garrity, George Cahill, Rose Cappadanno, Nancy Davis, Harriet Woodworth, Eugene Tappan, and Olga Wells.

Once again the National Honor Society at Newton High School held its annual induction services for those deemed worthy of its membership. The various characteristics for admittance were described as follows: Scholarship as an indication of distinguished achievement in all school subjects and membership in the upper 25% of class XI and XII of Senior High School. Service as the willingness to contribute in promoting high standards and finest achievements of school, ready to serve at all times; Leadership, the demonstration of initiative, poise, and intelligent activity in school, successfully holding positions of responsibility, commanding the respect and admiration of the student body; and Character as the manifestation of the qualities, promptness, honesty, co-operation, sincerity of purpose, reverence, and respect.

The speaker was Emory Bucks, writer and lecturer, whose subject was "If I Were An Honor Student." David Pynchon, president of the Society presided, while those who interpreted the qualities as the torches symbolizing them were lit, were Phyllis Bolton, Janet Quigley, Alan Finberg, and Francis R. Hall III.

Annual Meeting Of Stone Institute

The annual meetings of the members of the corporation and of the directors of the Stone Institute and Newton Home for Aged People were held on Saturday afternoon, March 31, at the home with 22 of the members and directors present.

The meetings were presided over by the president, Metcalf W. Melcher, and the yearly reports of the president, treasurer, matron, house committee, and admissions committees were read and accepted.

The following officers were re-elected for the coming year: Metcalf W. Melcher, president; Seward W. Jones, vice-president; Robert H. Loomis, treasurer; William H. Rice, clerk.

The directors were all re-elected, and Mrs. Arthur M. Allen of Newton Centre was elected a new member of the board. Mrs. Lillian Grove was re-elected as matron for the coming year.

There have been five deaths at the home during the past year, and five ladies have been admitted to the home. At the date of the meeting, the home was filled to its capacity of 25.

Resolutions were passed at the meeting recording with sorrow the deaths of Russell Burnett and Frank Fanning, former members of the board of directors.

Mr. Melcher presented preliminary sketches drawn by Harry J. Carlson of Newton Centre for the enlargement of the home, so as to provide room and facilities for the care of elderly men and couples.

During the last year, the house has received legacies and gifts in the amount of \$7,103.80.

Hart, Ben Turpin, Tom Mix, and Owen and Tom Moore. A fourteen-minute news-reel of never-to-be-forgotten events of a golden era now long past will also be presented.

"Silents to the Silents" will be given by Larry O'Connor who will take over at the piano throughout the entire performance.

Sandy Chapman, a real old-timer, will bring back fond memories by his rendition of some of the old-time songs and all present will have an opportunity of joining the singing when the old-time, illustrated, colored slides project on the screen, including such numbers as "Sweet Rosie O'Grady," "After the Ball," "Bird in a Gilded Cage," and many more. Many laughs and most entertaining evening—and the youth activities will be the beneficiaries of whatever funds are raised.

Theodore L. Fowler Guest Speaker for Middleboro Lions

Theodore L. Fowler of 45 Alban road, Waban, a member of the Boston Life Underwriters Association, will be the guest speaker at the weekly meeting of the Middleboro Lions Club on April 25th. Mr. Fowler is a prominent Boston insurance man and identified with the Union Central Life Insurance Company.

The Boston Life Underwriters Association of which Mr. Fowler is a member of the speakers bureau is the oldest organization of its kind in the United States. It was founded in 1883 and incorporated in 1914. At the present time, it has a membership of over a thousand. The Association is instrumental in helping people gain a clearer understanding of life insurance through the sponsoring of national essay contests and courses in life insurance.

Mr. Fowler has selected the subject, "Your Personal Post-War World" for his talk in Middleboro.

Marine Corps League Organizes Newton Detachment

The first of a series of meetings was held April 13, 1945, for the purpose of drawing up a charter application for the new detachment of the Marine Corps League. The attendance and spirit were both gratifying and prophetic.

Department of Massachusetts, Chief of Staff, John E. Vandewoode, who both called and conducted the first meeting was very much pleased with the response and enthusiasm. He issues a call to all Marines in or out of the service to join now and take their place with other charter members. The next meeting is to be held at servicemen's quarters in Newton City Hall on Wednesday, April 25, 1945.

The Marine Corps League is recognized by the Veterans' administration and chartered by Congress as a veterans' organization. It has 16 detachments active in Massachusetts and hundreds throughout the nation from coast to coast, and is the only veterans' Marine organization of national scope. It was founded on the 14th birthday of the United States Marine Corps at New York City, on November 10, 1922.

Membership in the League is composed of all Marines in the active service and those who have been honorably discharged from the corps, at any time.

Join the League now—here's why:

1. It is the only veteran Marines organization of national scope.
2. It has for one objective the cementing of ties which bind Marines everywhere to the corps of which they are all members.
3. It is in no sense a rival or competitor of any other service organization, but is one to which you should belong in addition to others.
4. It permits only honorably discharged members of the active Marine Corps to participate.
5. It is absolutely non-political and non-sectarian.
6. It aids and works for all disabled Marines, and assists in securing employment for those in need. It supports all veterans and active service legislation.
7. It practices charity without the blare of trumpets or publicity.
8. It perpetuates and honors the memories of those who died under the Marine Corps colors in all battles.
9. It is the graves of all Marines and ex-Marines to be decorated with an official gravemarker or provided for this purpose.
10. It permits you to contribute to Marine affairs in which only registered members of the League can participate.
11. It works for legislation for the welfare of the active service men.
12. It will hasten the day when Marines will become members of their own organization from all over the world.
13. It has its own monthly publication, "The Marine Corps League Bulletin."

Newton Lions Club

Prof. William C. Green, head of the English and History departments at Massachusetts Institute of Technology and president of the Faculty Club of M. I. T., was the guest speaker at the meeting of the Newton Lions Club on Thursday, April 12.

His subject was "Post War Conscription," a measure to which he is definitely opposed and which he feels is not a fundamental of National Security.

His arguments against the measure were summed up as follows:

1. That it is not only unnecessary at this time but would act as an obstacle in our post-war peace negotiations at the present time and in the future.
2. It would promote a policy of isolationism on the theory that we would be likely to develop a smug attitude with a large trained army in existence.
3. It is a great step toward regimentation of the youth of the country.

Prof. Green's talk was enthusiastically received as most of the members are in agreement with his attitude on this matter.

The speaker was introduced by Dr. Charles H. Hall, chairman of the program committee.

Newton Highlands Woman's Club

The Annual meeting of the Woman's Club will be held at 1:15 p.m. on Tuesday, April 24, at the Congregational Parish House. A dessert will be served by the Social Committee, Mrs. Walter Decker, Chairman.

There will be an election of Officers for the ensuing year. Marion Buttrick, a Dramatic Reader, will entertain with a program of delightful impersonations.

Lt. Commander Karl Knudsen

Y.M.C.A. to Hear Navy Chaplain

The speaker at the 68th Annual Meeting and Dinner of the Newton Young Men's Christian Association will be Lt. Commander Karl Knudsen, Pastor of the Church of the Pilgrimage, in Plymouth, Massachusetts.

Commander Knudsen was granted a leave of absence two weeks after Pearl Harbor to serve as a Chaplain in the United States Navy. After ten months on duty with the Recruit Training Station units at Newport, Rhode Island, he became Chaplain of the flagship of a cruiser division headed for the Solomon Island campaign. His cruiser took part in the Guadalcanal and Kula Gulf battles and in the battle of the Empress Augusta Bay off Bougainville.

After a short period of hospitalization Chaplain Knudsen was ordered to duty as the first Chaplain for the Reserve Officer Training Units at Harvard University where he served until released for medical reasons. He resumed his pastorate in Plymouth after twenty-nine months of Naval duty and has been active as a member of the Committee on Army and Navy Chaplains for his denomination. During the past semester he also taught a course at Boston University on "Ministry to Service Men."

The meeting at the Y.M.C.A. will be on Monday, April 30th, at 6:30 p.m. The subject of Commander Knudsen's address will be "News From the Battlefronts."

Our Lady's High School To Give Play

"Famous Paintings of Madonnas" will be presented in the auditorium of Our Lady's High School, Newton, on Sunday and Monday evenings, April 22 and 23 at 8 o'clock, under the direction of the pastor, Rev. Michael E. Doherty.

Two casts of nearly 30 persons each will take part, one cast to perform on Sunday evening, and also on Sunday afternoon at 3 o'clock for the children; the other cast to perform on Monday night.

An orchestra and a combined choir of 100 voices will assist at all performances.

Included in the program are the following scenes:

"The Annunciation" by Fra Angelico; "The Nativity" by Antonio Corregio; "Madonna Col Figlio" by Murillo; "Madonna of the Veil" by Carlo Dolci; "Madonna of the Chair" by Raffaello Santi; "St. Anne de Beaupre" by Antonio Corregio; "Madonna of the Star" by Fra Angelico; "Madonna of Consolation" by Bouguereau; "Madonna Del Granduca" by Santi Raphael; "Mater Amabilis" by Bodenhausen, and "Sistine Madonna" by Raphael.

Rotary Club

The speaker at the meeting of the Newton Rotary Club on Friday was Doctor Felix Cernuschi, a native of Argentina, formerly a professor in Science at Buenos Aires, and now lecturing at Harvard. Doctor Cernuschi gave us an eloquent discussion on the goodwill which the good neighbor policy of our present administration had created in all Latin American Republics. He paid a high tribute to our late President Roosevelt, and said that many people did not realize the high esteem and admiration which the whole world, and the Latin American Republic in particular, had for Mr. Roosevelt. Doctor Cernuschi felt that the recognition of the present regime of Argentina was a grave mistake and might be injurious to the good neighbor policy, and it was his opinion that it might not last long in office anyway. Doctor Cernuschi felt that Argentina would constitute a very good future market for American products, provided American business followed a policy of far sightedness and were not too intent to make immediate and quick profits.

Mr. Lawrence Mead (formerly a member of the Peking China Rotary Club) now in charge of the International Student Center in Cambridge called the Rotary Club's attention to the Spring Student Conference at the Hayden Memorial Building, 685 Commonwealth avenue, Boston, on Saturday, April 14th, under the auspices of Professor Donald B. Leifer of Boston University, and cordially invited all Rotarians to attend. Opening of the conference at 2:15 p.m.

W.C.T.U.

The West Newton W.C.T.U. held a most interesting meeting at the home of Mrs. J. J. Sartwell, 612 Watertown street, Newtonville last Monday evening. Many responses were received to the toll call both from the present and from absent members. A social hour with refreshments was enjoyed following the meeting. Members are asked to bring jellies to the next meeting to be given to the hospitals. The assisting hostess of the conference was Miss Gertrude Grimes.

Newtonville Woman's Club Club

One of the outstanding afternoons of the club year was the fine musical program given by Blanche Haskell, soprano; Mildred Taylor Shaw, violinist; and Helen Zoe Duncan, pianist, at the April 17th meeting of the Newtonville Woman's Club held at the clubhouse.

The meeting opened with the singing of one verse of the "Star Bangled Banner" with Mrs. Ernest L. Nichols at the piano.

Mrs. Hugh McCrea, corresponding secretary of the club, who is in charge of the club's table at the sale for the Blind at the Newton Centre Woman's Club on April 25th urged the members to support this worthy event. Mrs. Marshall David, nominating committee chairman read the slate of officers for 1945-1946.

Mrs. George H. Tracy, advisor to the Junior Woman's Club, told of that club's many philanthropies and spoke of the raffle and bridge the club is having on the evening of April 27th at the clubhouse.

Miss Mearns then introduced the guest of honor, Mrs. Ernest A. Hale, music chairman, M.S.F.W.C., who told the club of the work of the Federation in the field of music. Mrs. Hale asked for donations of musical instruments and portable radios or victrolas for the veteran hospitals.

The annual meeting of the Newtonville Woman's Club will be held at the clubhouse on April 24th at 2:30 p.m. The annual luncheon will be served at 1 p.m. Helen Green, one of the club's past presidents, will lecture on "Scandinavian Blondes in Costume." The gowns will be modeled and appropriate music will be sung by club members.

Polls will be open for the election of club officers from 12:30 to 1 p.m. and 2 to 2:20 p.m.

Aeroquiz—

(Continued from page 1)

Clubs, Army, Navy, Coast Guard, Retail Merchandisers, the Aviation transport and manufacturing companies are all expected to lend their aid to the educational program of "Aviation Week."

Newtonville Group Twelfth Annual Show is attracted to "Aviation Week" with emphasis on Scout-quiz participation and interest in the romance, skill and science of this newest mode of transport.

Thus, Newton again pioneers in a field of youth's education. Newtonville, significantly, too, Newtonville has produced many famous aviation names, from Earl Ovington, pioneer flyer of international reputation in the earliest days of aviation, to Bob Hanson, heroic ace of World War II.

The program planned for the evening will be substantially as follows:

7:30 p.m.—Plane Model Display
The doors will open at 7:30 p.m., when a display of plane models, lent by various air-lines and the Aviation Week Committee, may be viewed in the gymnasium. Color background for the models will be provided by a large collection of interesting airplane posters and maps prepared for the occasion by the Cub Scouts of Newtonville.

It is expected that Newton's uniformed Air Scout Troop will act as guides in the exhibit.

"Aeroquiz" (Auditorium)
8:00-8:10 p.m.

His Excellency, Governor Maurice J. Tobin and Hon. Paul J. Goddard, Mayor of Newton, will be invited to open "Aeroquiz" with remarks appropriate to "Aviation Week."

8:10-8:20 p.m.
"Aeroquiz" will be conducted by Fred Lang and Louise Morgan. Filene's popular "Tello-Test" radio quiz.

All questions on the quiz will be upon the past, present and future of aviation. An interesting, and perhaps amusing, aspect of the quiz will be the knowledge of the youngsters in aviation matters, as compared with that of their elders in the audience.

8:20-9:00 p.m.—Cub and Scout Tableau
A 20-minute stage performance will be given by the Cub and Scout Units of Newtonville Group. Featured will be the "Pack Six Cub Orchestra," under direction of Alvin Parker, rendering their "Pack Six March."

9:10-9:30 p.m.—(Auditorium)
Forty minutes of new thrilling movies in sound and color, of the latest films released by censorship authorities, possibly dealing with the helicopter and the jet-propulsion plane. Films specially brought to Newton by the Aviation Week Committee.

It is hoped that a helicopter and a jet-propulsion plane will fly over Newtonville on the date of the "Aeroquiz" show and in connection with it, as a special feature of public interest.

Anticipating a wide local interest in the show a few tickets will be reserved for sale to residents of other villages in the City of Newton, and may be purchased at points to be announced. Please buy tickets from Scout or Cub who calls at your door.

The 12th annual show organization includes the following: General Chairman, F. B. Eastman; vice chairman and master of ceremonies, Carl J. Grip; vice chairman, Alan D. Duff; treasurer, Robert D. Salinger; assistant treasurer, Paul C. Mangelsdorf.

Play Presented At St. John's Episcopal Church

The play "Ring Around Elizabeth" was given in the Parish House of St. John's Episcopal Church of Newtonville, on Friday and Saturday evenings, April 13 and 14, under the direction of Jack Chapman. It is a play a little out of the ordinary and is well worth its merits both in wit and portrayal of human nature.

Witty Perry gave a splendid performance as Elizabeth. Her part was a long and difficult one.

Fred Michele, as the distraught husband of Elizabeth and addicted to shouting, did a fine bit of acting.

Eleanor Bartlett and Dorothy Greve as the two teen age daughters played their parts so well it was very easy to thing of them as perhaps the girls next door.

Eugene Sanger as the contrary "Grandpa" and Helen Woodberry as the equally contrary "Grandma," but in a different way, brought the house down with their eccentricities.

Elizabeth Sanger gave a finished performance with complete understanding of her part as did William Pattenhill, William Brooks, Raymond Tunnell and DeWolf Perry.

Edith MacDonald turned in a most excellent and humorous performance as the maid who sang and had a phobia against cooking eggs.

Judy Tunnell, talented daughter of Mr. and Mrs. Raymond Tunnell won the hearts of the audience with her dance specialties between the acts with Danny Gentile at the piano.

The committees in charge of the production were:

Drama, chairman, Elizabeth Sanger, Edith MacDonald, Elizabeth Chapman; stage properties, Elsie Walsh; wardrobe, Helene Sutton and Ruth Lawrence; music, Susan Tunnell; sound effects, Jim Minshall; scenery, John Clark; prompters, Isabelle Hagaman and Florence Moore; tickets, Sarah MacMahon and Lavinia Gamble; candy, Harriet Brooks; ushers, Janet Millard, Betty Chase, Nancy Collins, Carol Clark, Doreen Tun-

nell, Gwendolyn Hall, Carol Quigley, Betty Eaton, Betty Adams; business manager, Elizabeth Chapman.

"Rationed Fashions," as demonstrated by Avant, Hollywood stylist, will be a highlight of the Massachusetts Daughters of the British Empire annual celebration of Founder's Day, to be held at the Y.W.C.A., Boston, on Friday, April 20th, at 2:30 p.m.

On this occasion, the British brides of American Servicemen, to whom the so-called rationed styles of America, will seem like a gorgeous sartorial display by comparison with their limited wardrobes of their European days, are cordially invited to be present.

The Temple Court Chapter of Newton, with Mrs. Leland A. Arnold, Regent, will be well represented. With reception and tea to complement the Fashion Show, this celebration will be a memorable Spring Festival.

The Hospital Aid Benefit Shop

The Executive Board of the Newton Hospital Aid Benefit Shop held its Annual Meeting on Tuesday at the Berkeley in Wellesley Hills, the business session being preceded by a luncheon.

Mrs. D. Brewer Eddy presided and the reports of the treasurer and the secretary were given by Miss Ethel Woodberry who covers both offices. These were approved and were followed by one from Mrs. Francis H. Williams, the business manager of the shop which is located at 795 Washington street, Newtonville. Always loyal to her staff of workers, Mrs. Williams thanked them for their cooperation, and suggested that each have a list of people in reserve who could serve when the many inevitable vacancies occur at the last moment.

She begged for suitable articles to be placed for display in the window, as the brie a brac placed there is usually spoken for even before the shop opens. Clothing, unless possibly hats and shoes and handbags, are no longer displayed in the window, this space being reserved for more ornamental articles. She announced that much of the winter clothing now on hand would be donated to the current clothing drive.

Mrs. Dana Dutch and Mrs. S. W. Douglas as the Nominating Committee, had prepared a list of officers for the coming year, all of those serving now to be re-elected and this was done. Mrs. D. Brewer Eddy and Mrs. Ralph Conant to serve as co-chairmen; Miss Ethel Woodberry, Secretary and Treasurer; Manager of the Shop Mrs. Francis H. Williams, assistant manager, Mrs. Ernest F. Drew who also will continue as Press chairman and Nominating Committee, Mrs. S. T. Douglas, Mrs. Arthur M. Allen and Mrs. Ernest Cobb.

The program will begin at four o'clock with bowling and ping-pong. Mr. Paul Ambler, of Natick, will provide the music by recordings for general dancing throughout the afternoon and evening.

The club held a successful rummage sale last week in a store at 415 Centre street, Newton. Furniture, jewelry, books and bric-a-brac, as well as a large assortment of good used clothing which had purposefully been saved by the members during the year for this event were on sale. However, a good portion of the clothing was donated to the United Nations Clothing Drive. Mrs. J. Vincent Morrison was chairman of the sale and her committee included Vivian O'Leary, Alice Jorgenson, Gwen Ford, Ruth Aldrich, Dorothy Garon, Rhoda White, Eleanor MacIntosh, Gertrude Seeley, Lilla Curley, Dorothy Smith, Ruth Neal, Pearl Tyler, and Eleanor Burleigh.

He was graduated from Huntington School with second high honors and was a sophomore at Dartmouth when he entered the Army in July, 1942. Junior Red Cross Aids Fat Collection

With the twofold purpose in mind of hastening the victory and of contributing to the Junior Red Cross funds, pupils in the fourth grade of the Williams School, Auburndale, carried on a campaign to round up all used fat in their neighborhood and turn it over to the government. They knew that used fats from our tables mean explosives for the men in the armed forces.

The grade was divided into groups—and each group recorded in a notebook the names of the person giving the grease, the weight, the red tokens to be turned over to the donor, and the amount of money received from the butcher. In six weeks, these enterprising Juniors collected 288 pounds of grease, and turned over to the Junior Red Cross the money received from its sale.

Kiwanis Meeting Hears Dr. Hsieh

Kiwanians from Somerville, Waltham and Arlington attended the Newton Kiwanis Club's Wednesday meeting at YMCA last Wednesday. Thirty-five members from Waltham, five from Arlington and an additional 34 Kiwanians from Somerville, augmented by a large number of guests, taxed the facilities of the Newton Club's spacious dining room. Mayor Devane of Waltham made the journey to Newton with the Witch City group.

Individual singing by the various clubs was led by Bert Clark of Waltham and H. C. Pettigill of Newton; after which it was announced that the Somerville Club will present its unique "Starlet Show" in the Somerville High School Auditorium, May 11, at 8 p.m.

Stephen Don, lieutenant governor of the 5th district, addressed the club members, inviting all to next week's meeting of the Brookline Kiwanis Club, when the members of the Brookline Rotary and Lions Clubs will be entertained. Leo Noel, former treasurer of the Newton Club and now a member of Waltham Kiwanis, was presented an embossed fountain pen as a token of the esteem in which he is held by the members of Newton Kiwanis. President Benjamin Louis announced that as the club's share in the Clothing Drive, seven tons have been packed by Newton Kiwanians. Attendance prizes were presented to four visiting Kiwanians.

Dr. Teyhi Hsieh, introduced by Wilfred Chagnon, told his audience of the old China of yesterday—and of today's new and friendly giant of the East—modern China. Frankly happy, he said, to bring the gratitude of his country to America, Dr. Hsieh added that modern China is rapidly adjusting its governmental and internal mechanism to tempo of high speed America. Pointing out that 150 Chinese delegates, four of them women, are coming to the San Francisco Convention, he stated they will look to President Truman to link the two countries more closely together.

The desire for an education, Dr. Hsieh continued, is sweeping China. Neighbor now teaching neighbor, even the farmers are learning to read and write. With but 9000 teachers to care for China's four hundred and eighty millions, one dentist to each twenty-one million and a single drug store for each forty-eight million Chinese, the job ahead is a difficult one. Forging miracles, he said, and China is on its way to a great destiny.

Inviting American businessmen to interest themselves in China, Dr. Hsieh presented a first edition of his book, "Confucius Said It First," to President Benjamin Louis.

Foot Health Week April 23-29

F. A. Jasset of Walnut Park, Charles F. Merna of Beacon street, both from Newton, are members of the Massachusetts Chiropody Podiatry Association that is promoting the 20th annual National Foot Health Week from April 23 to 29 throughout the State.

The object of the week is to promote widespread interest in the proper care of the feet, to prevent foot troubles, and to correct foot ailments. This year Foot Health Week will urge the establishment of foot clinics for school children, a direct contribution to the Nation's plan for a physical fitness program.

The week is sponsored by the National Foot Health Council and has the cooperation of the shoe industry, including manufacturers and retailers; also chiropodists, podiatrists and physicians specializing in orthopedics. In other years the week has featured the slogan "Walk and Be Healthy" but now in line with all that must be done towards the war effort and realizing the pressure being placed upon transportation facilities, the shortage of gasoline and tires, the curfew hour for National Foot Health Week is "Be Patriotic and Walk."

In the greatest mechanized war ever known, the need for good feet on the production front, as well as on the fighting fronts is greater than ever before. Claims have been made by reliable chiropodists that 70% of the people in the United States have foot troubles; 35% of most babies are born with perfect feet; 76% have foot ailments by the time they are fifteen. Most of the early troubles can be avoided or corrected if caught in time.

40 Percent of Vegetables Produced By Victory Gardeners

It seems unnecessary to be reminded that the 1945 Victory garden season is almost upon us and that by now our plans for planned and thought out in detail. Speaking to and for the gardener who started his Victory garden in 1943 he will surely remember that the first and most important step in preparation of his garden is to have it thoroughly well fertilized.

It saves much in effort in later weeks to have the fertilizer spread over the entire area and spaded into the ground in the beginning of the season. At the same time it is advisable to dig in the humus (compost that has been properly treated) as the latter conserves the moisture in the soil. All of this information will come back to the beginning when he refreshes his mind by reading "The Home Vegetable Gardener" a bulletin published by the Massachusetts State College Extension Service—leaflet 59.

By this time the Victory gardener surely knows his family's requirements—likes and dislikes in varieties of vegetables. He has also learned the vegetable that he may grow most easily. I do hope he has learned that it is far easier to grow a small garden and have a large area and control is double the work.

This year the need for gardens is as great as ever. In my opinion it is greater since there is less labor on the farm but more demand for food shipments to our armed forces and devastated countries. By growing some or all of our vegetables the home gardener not only adds to the food supply but helps materially with the transportation problem. At this point it is interesting to note that during the 1943 and '44 seasons 40 percent of our fresh vegetables were produced in home gardens.

This MUST be continued in 1945. The Newton Victory Garden Committee will continue to operate in the coming season but it will not endeavor to schedule a supervised program as in the past two years. For information, home gardening in Newton call BIGelow 7600. As chairman of the committee it will be my pleasure to assist local clubs and organizations in obtaining speakers or demonstrators for meetings that are scheduled in Newton.

Mrs. D. Allen Smith is Chairman of Newton Victory Gardens.

National Recreation Association Renders Outstanding Service

"Youth centers have been established by youth themselves in several hundred neighborhoods. Mr. Bachrach is sponsor for this national organization here in this locality.

In speaking of the work of the Association, Mr. Bachrach continued, "You have helped make the National Recreation Association an outstanding service where even youth themselves turn for advice about their recreation problems. Not only individual teen age boys and girls but groups of youngsters write in—make use of the Association."

He said further, "The Association's work in behalf of playgrounds and playground space for children is important in wartime, for even our children are under a severe strain as all the rest of us, and these children will suffer if we do not keep life normal for them."

Supported by voluntary contributions, the Association maintains a central service station to which anyone may turn for help and advice on recreation questions.

First Step To Lasting Peace: The Dumbarton Oaks Proposals for United Nations

Purposes
To maintain peace and security.
To bring about peaceful adjustment and settlement of disputes.
To achieve international cooperation in the solution of economic, social and humanitarian problems.

Organization
A General Assembly, to meet annually, to which all peace-loving states may belong, with sovereign equality.

The Security Council, representatives of eleven nations, five permanent ones, the United States, Great Britain, Russia, China, and eventually France, and six non-permanent nations, elected by the General Assembly for two years, three retiring each year.

An International Court of Justice, either the present World Court, with such modifications as seem desirable, or a new one, using the present Court as a basis.

A Secretariat, a Secretary General, elected by the General Assembly, to be the chief administrative officer, with the necessary staff.

WHAT WILL THE UNITED NATIONS DO?
To Maintain Peace
They will attempt to settle international disputes peacefully by negotiations between the parties; mediation, conciliation, arbitration, or an International Court of Justice.

If these fail they will use diplomatic or economic measures against an aggressor, and, if necessary, armed forces to maintain or restore peace.

Where will these forces come from?
All the nations in the Organization will provide the Security Council with armed forces. The nations shall decide on the size and kind of forces by agreements between themselves. Also, all nations of the Organization should provide national air force contingents immediately.

To Promote International Well-Being

They will work on international economic, social and humanitarian problems, gather facts about them, make recommendations about them and carry these out as far as they may.

They will ring into cooperation with themselves other international economic and social organizations.

These would probably include:
The Food and Agricultural Organization
The Organization for Educational and Cultural Reconstruction
A Monetary and Financial International Organization
The International Labor Organization
and other international organizations for similar purposes.

Social Security Board Announces Change in Hours

The Social Security Board located at 1248 Massachusetts avenue, Cambridge (Harvard square) announces through Manager James T. Phelan, new office hours—8:30 a.m. to 5:00 p.m., effective as of April 2, 1945.

This information is released for the benefit of those persons who desire information regarding Old-Age and Survivors Insurance program or persons who wish to file claims for benefits or to obtain account numbers.

Every employee is entitled to a receipt for the old-age and survivors insurance taxes deducted from his pay by his employer, James T. Phelan, manager of the Cambridge office of the Social Security Board pointed out today.

The Internal Revenue Code, as amended, in the section which relates to old-age and survivors insurance taxes, provides that "every employer shall furnish to each of his employees a written statement or statements, in a form suitable for retention by the employee, showing the wages paid by him to the employee after December 31, 1939," Mr. Phelan said.

The Internal Revenue Code, as amended, in the section which relates to old-age and survivors insurance taxes, provides that "every employer shall furnish to each of his employees a written statement or statements, in a form suitable for retention by the employee, showing the wages paid by him to the employee after December 31, 1939," Mr. Phelan said.

This, Mr. Phelan said, specifies that the statement shall be furnished at least once a year, and in every instance when the employee leaves the employment, no matter what the reason, it must be furnished at the time of the last payment of wages. The statement must show the name of the employer, the name of the employee, the period covered by the statement, the total amount of wages paid within the period, and the amount of the old-age and survivors insurance tax deducted.

In case the employee gives the employee such a statement with each payment of wages, he may substitute the date of the payment for the period covered.

Residents Urged To Give Clothing Before April 30

The Central Clothing collection depot in West Newton is probably the busiest place in the city. Trucks back up to the unloading platform hourly, leaving their loads of used clothing which they collect from fire stations, churches, post offices and schools throughout the city. Scores of workers sort and pack the clothes feverishly, struggling to diminish the mountains of garments, bedding, shoes, etc., which accumulate. The volunteers are giving their time and energy to this worthy cause and many more are needed to assist in the work. If you can help, call Mr. Clapper, Bigelow 7900 or Mr. Colburn, Lasell 6240.

People are urged to donate used clothing before April 30, so that the local committee can ship the material quickly in order that it may be sent overseas and put to use.

There is hardly a man, woman or child in Newton who is not ten times as well dressed as the majority of people in Europe. The citizens of the liberated countries are mostly wearing the clothes they happened to have when the war started. Four or five years of war and related calamities have left them shabby, ragged and in a large proportion of cases, shivering.

Not one of us is without some perfectly sound garment which can be spared. Give a few minutes time to looking through your clothes closet for things you don't want or don't need. If they are wearable they are probably far better than anything that could be purchased in such countries as Belgium, France, Italy or Greece. And if you will give these things to the United National Clothing Collection they will bring an enormous return of good-will to the United States.

Pvt. Geo. E. Walsh Killed in Germany

Word has been received from the War Department by Mrs. Nellie Walsh of 50 Oak street, Newton Upper Falls, that her husband, Pvt. George E. Walsh, 38, was killed in action in Germany on March 28.

Pvt. Walsh had served with the Engineers in the Third Army. He entered the Army on August 16, 1943 and went overseas in October, 1944.

He was born in Shomokin, Penn., and has resided in Newton for about 12 years. Before entering the service he was employed as a draftsman at the Sherman Paper Products Corporation in Newton Upper Falls.

Besides his wife he leaves two brothers and a sister who reside in Shomokin.

An enormous amount of clothing has been collected at all local post offices in the United Nations Clothing Drive now in progress. At the Newton Corner Branch, at least, two large posters have been placed in the lobby with a large carton beneath. So great has been the amount of articles and boxes of clothing placed there in that it is necessary for the local fire department to call frequently to take away the numerous cartons of clothing. All pieces have been carefully folded and neatly placed in large cartons by the capable custodian of the Newton Post Office, Mr. Austin Holmes, who makes hourly visits to the lobby to inspect the contributions.

As Mrs. Kennedy, chairman of the Newton Committee, has issued an appeal that all shoes donated be tied in pairs. Thousands of shoes have been received and it is a long tedious and sometimes impossible job to mate them.

Central Woman's Assoc. To Hear Noted Pianist

KATHARINE BOWEN

On May 2nd, 1945 The Woman's Association of Central Congregational Church, Newtonville, will have the pleasure of hearing Katharine Bowen, American pianist, in a lecture Recital including Transcriptions of Chinese Orchestral and Instrumental music arranged for the piano. Mrs. Bowen received most of her musical education under such masters as Godowsky, Stepanoff and Breithaupt. She lived in Europe for many years where she appeared in concert and also gave educational programs at Chinese universities.

While living in Pekin she became interested in and made extensive researches in the music of ancient China.

These programs are usually divided into four groups, Ancient Music, Folk Ways, Modern Chinese Composers and music by Western Composers on Chinese Themes.

Her explanatory remarks add much of cultural value and aid the listener in a better understanding of the fundamentals of oriental music which is inextricably interwoven with the life and customs of the Chinese people.

As Mrs. Bowen says, "Chinese folk songs are really in some ways more a part of Chinese life than our own cowboy and negro songs which seem to belong so emphatically to us. It is greatly to be regretted that for Europe and for this Chinese music has remained so long a closed book. The folk music of China, the purest in existence, when understood, may yield valuable insight into the very heart of the Chinese people."

Mrs. Bowen's program follows the Annual Meeting and Luncheon to the Woman's Association, with the Annual Meeting scheduled for 12 noon and the Luncheon at one o'clock. Immediately after the lecture, Louise Dyer Harris and Constance Kemper will entertain briefly with selections of their humorous verse.

Mrs. Bowen's Lecture Recital will begin at 2 p.m. All women who are interested are cordially invited.

Newton Red Cross Appeals for Additional Donors - Need Urgent

"At the request of the Boston Collection Center, Newton Blood Donor Service is sponsoring Newton Week! April 30 through May 5 in an endeavor to obtain more donors," says Mrs. C. Terry Collins, Chairman. "Have you got fighting blood? Then, send it to war! Let that be our slogan in these days when our men are fighting those last great battles before complete victory," continues Mrs. Collins, "and when more and more plasma is needed to ensure their safe return. For even though the end of the war seems to be in sight, our casualties are very great. Men who fall in battle just around the corner from Berlin need life-saving plasma just as those who fell when Germany seemed to be ahead. And you realize, too, at what a cost we are taking the islands in the Pacific."

Newton has always responded well to emergency calls from the Blood Center—and we know you won't let us down this time. If you have never donated your blood, do so now—if you are a donor, give another pint. Make your appointment for "Newton Week" by telephoning Lasell 6000. There will be Motor Corps trips to and from the Boston Collection Center every day that week, at 11:30 in the morning—and groups will be transported at any time during the day. Let's break all our former records to GIVE THAT THEY MAY LIVE!

Mease, Public Relations; Charles O. Richter, Research; Miss Adelaide Ball, Volunteer Service; Philip VerPlanck, Welfare.

Following a panel discussion on "Ave Newton, Parents Accepting Their Responsibility," the 123 delegates and individual members present requested that the Council act upon the suggestion that a Manual for Newton parents be developed which will set forth a code of behaviour to be used as a guide in raising children. The topic was discussed from three angles: Social Agencies by Miss Jane Ludy of the Family Service Bureau, The School by Dr. C. Elwood Drake, the Church by Rev. Randolph S. Merrill, President of the Newton Ministers' Association. The discussion led by Prof. Kirtley Mather of the Harvard University, resulted in suggestions of means for member organizations of the Council to strengthen community life by strengthening family life.

The program was arranged under direction of Mrs. Arnold C. Baker, Chairman of the Program Committee.

Rev. Herbert Hitchen, D.D., Eulogizes President Roosevelt

An impressive service in honor of the late President, Franklin D. Roosevelt was held by the Newton Board of Aldermen at their last meeting. Rev. Herbert Hitchen, minister of the West Newton Unitarian Church offered prayers and spoke as follows:

"It is deeply fitting that we should pause to pay tribute to one who, four times in succession was chosen by the people to be President of these United States. He held the thickest position of trust that his fellow-countrymen could elect him to, during the most crucial and trying years that this world has ever seen, and he gave himself so unstintingly in the service to which he was called that it amounted to the Supreme Sacrifice—as truly as though he had died on the battlefield. Surely it is no merely perfunctory tribute that we pay—tribute formally demanded by the dignity of his office. The man himself, and the qualities he exemplified, demand in their own right the admiration of mind and heart."

"An indefatigable worker, in spite of physical handicap that most of us would have regarded as ample excuse for retiring from the active battle of life, his accomplishments were such as might fill with satisfaction and pride the most robust and vigorous. A valiant fighter, he was never more happy than in the heart of battle, and he respected any foe man worthy of his metal. A democrat in a far more fundamental sense than ever politics could make him, he had a profound love of his kind, and an unshakable faith in the inherent dignity and worth of humanity. Deep in his heart was a noble desire for the lasting welfare of the nation whose destinies he had been called to guide, but there was nothing narrowly nationalistic in either his vision or his policy. He saw America's interests and well-being as closely interwoven with those of the world, and he knew that her future was not safe or secure while chaos threatened, and the dark shadows of brutal aggression lay across other peoples. It was his distinction—and a prophet's—that he not only had the vision of a commonwealth of man, in which every man should sit under his own vine and fig tree with none to make him afraid, but also that, as a practical statesman, he labored unstintingly to turn all that vision into terms of actual everyday reality. It is the essence of tragedy that his voice should be stilled in death at the very moment when there was the chance of the fruition of his labor. The San Francisco Conference may well set the pattern of the world. That is to be and the mode of life for the next century or more. Like the leader of old who lifted the Children of Israel out of bondage, it was his lot to view from afar, but not to enter, the promised land. The sincerest tribute we can pay to his valiant spirit is not, however, with words of praise, but in the determination that the dream he dreamed shall be realized, that the march shall continue, that in the measure of our individual influence and capacity, we to will serve—serve the cause of human freedom—serve the feet of those who will come after us—serve the time "when men shall beat their swords into plowshares and spears into pruning hooks, neither shall they earn any more."

Politics With Color

by P. W. C.

(The opinions expressed in this column are the writer's own, and do not necessarily reflect the opinions or policy of this newspaper.—Editor's Note.)

Frank A. Brooks

Never has the passing of a prominent figure in public life saddened me more than in the case of my close personal friend, Frank A. Brooks of West Concord, Governor's Councilor from the Third district. His untimely death on April 18, following so closely on the heels of the White House tragedy, came as a severe shock. To be sure, he had lived a long, full life, packed with good deeds, fine friendships and outstanding accomplishments. We all realized that he could not so easily be replaced; nevertheless, his departure from the scene leaves a void which can never be filled.

What was there about this man which so endeared him to people of all parties, creeds and races? I think I know. It was his innate honesty, his high ideal of public service, his refusal to compromise with the principles he believed in, his engaging frankness, his keen sense of humor and his unswerving loyalty to his friends.

If my readers will forgive me for being a bit personal, I will try to make the picture of my mind clearer. Early in 1934 a mutual friend, Leverett D. G. Bentley of Newton, was responsible for my meeting the late Councilor. Sitting in the Boston Globe office at the State House and discussing politics, he suddenly turned to me and said that there was one man in the state service who was "right down my alley." He said he was referring to the Chairman of the Parole Board, Frank A. Brooks, who had held that position for seventeen years under six different Governors—McCall, Coolidge, Cox, Fuller, Allen and Ely. That was enough for me. I promptly called on Frank Brooks and wrote my first piece about him in this paper. He had just announced his candidacy for the Governor's Council from this district. From then on, it was my great privilege to be invited to his home in West Newton on countless occasions. Sometimes we would get together two or three nights each week, if the political pot was boiling or there were serious problems confronting the Governor's Council. Gov. Curley was in charge in those days and the State House would be a hotbed of the time. Frank Brooks never ducked a fight in his life and he ran true to form on the Council. He had several brushes with Councilor Daniel Coakley, then at the peak of his influence in state affairs. Brooks never gave ground. Stung by an insult, he was truly inspiring to watch him in action. It made me feel that your government would always be served and handed down to our sons and grandsons intact.

Frank Brooks has left us and we who knew him best will ever cherish his memory. His fine influence, however, will never die, and his entire life will be a source of inspiration to many thousands who will follow in his footsteps. May his family and all those near and dear to him be comforted by the thought that he lived for his four score years "as bright as a star" and that he never did anything to be ashamed of. Of Frank Brooks it may truly be said that he was one of God's noblemen.

President Truman

The country has been deeply impressed by our new President's conduct of the nation's business during the past two weeks. President Truman, who was placed on the worst spot most of us can recall, rose to the occasion in remarkable fashion and has delighted Democrats and Republicans alike. He has kept the boat on an even keel, made very few changes of any importance, and has made it clear that he will, in the main, attempt to carry out Mr. Roosevelt's policies and has made it very clear to Congress that he will co-operate with it at all times.

His biggest specific accomplishment of course was his success in getting Stalin to send over his ranking diplomat, Mr. Molotov, to head the Russian delegation at San Francisco. To be sure, it is possible that Stalin may have had reasons of his own for sending us his ace diplomat. He may have felt that he needed to get a close-up of our new President. Stalin knew Mr. Roosevelt like a book, but his knowledge of Mr. Truman, prior to his promotion, was doubtless extremely limited.

Our President faces two tremendous problems. The first is the current conference on the coast and the proper handling of all its vital business during the next two months. The second problem will come a bit later, when there will have to be a show-down between the two big factions within the Democratic party. Will

Catholic Welfare Annual Meeting

The annual meeting of the Newton Catholic Welfare Committee was held in the auditorium of the Sacred Heart High School on Sunday, April 22.

Prof. John J. Mahoney of Boston University, director of the Harvard-B. U. Extension Courses, spoke on "Democracy and Religion" and Charles B. Floyd, chairman of the Citizens Advisory Committee for Returning Veterans, told of the work of the organization. M. John Barry, president, conducted the meeting and other speakers were the Rev. Michael E. Doherty, executive secretary of the Catholic Welfare Council, Rev. Eric F. Mackenzie, pastor of Sacred Heart Church; John J. Cahill, financial secretary; Thomas E. Shirley, chairman of the Newton Community Chest. Representatives of other social and health agencies in Newton were introduced.

Financial Secretary Cahill reported that 11 per cent less money was paid out by the committee, but stated that there was a substantial increase in the number of families aided and the number of visits made by welfare personnel. The committee comprises the St. Vincent de Paul societies of Newton, Nonantum, Newton Center, Newton Upper Falls and Waban and the St. Bernard's Aid Society of West Newton.

Newton Red Cross Food Supplies Reaching Prisoners Of War in Germany Daily

Newton Red Cross has just received word from the National Organization that motor truck convoys carrying emergency food supplies have started a daily service from Switzerland to prisoner of war camps in Germany. Two hundred ninety-six trucks are now available for this supply work, contributed by American and Allied Red Cross Societies, by SHAEF, and by the French Government. While trucks have been operating on irregular schedules, this is the first time that daily service has been attempted.

The Wallace and CIO wing prevail or will the more conservative faction, composed of the Southern Democrats, the big city bosses and the other elements which brought about Mr. Truman's nomination as Vice-President prevail? It is anybody's guess. Let us hope that the new President will be no marked cleavage until the war is over and the peace treaty has been signed.

There is nothing of greater importance than that. Those who wish to honor the memory of Franklin Delano Roosevelt will carry on as he would have wished them to. They can pay him no greater tribute.

Annual Meeting, Luncheon of Newton Community Club

The annual meeting and election of officers of the Newton Community Club is being held in Eliot Church, Newton, Thursday, April 26, with Mrs. David Black presiding at the business meeting at eleven o'clock and Miss Adelaide B. Ball, president of the Newton Federation Women's Clubs, bringing greetings from the Federation. Mrs. Fred G. Howe, Jr., was in charge of tickets for the one o'clock luncheon.

The program for the afternoon is "Tapestries," an unusual and distinctive presentation, which describes in story and music noted and musical characters.

The three solo artists who unite in weaving these dramatic and humorous patterns are—Miss Margory Shepherd, well known narrator and monologist who is a graduate of the Leland Powers school. She has the ability to project her delightful personality into all characterizations and phases of human nature. Rhoda Joann, pianist and composer, trained with Heinrich Gebhardt and as a graduate of the Longy School of Music. Miss Joann has synchronized the music for the program in an original manner. Her definite showmanship and brilliant technique make her an outstanding artist. Mary Nevery, dramatic soprano, needs little introduction to music lovers. Her diversified training at the Juillard School, Columbia University, and the Westminster Choir College has given her mastery of her art. The delightful personality and attractive appearance of these three artists is a distinct addition to any program.

Among the "Tapestries" on this unusual program are—Stephen Foster; Story of Bernadette; Proctor Chorus; Works of Stephen Vincent Benet; Jennie Lind and Humoresque.

TEEN-AGE

and LEE TYLER

(Due to EX's being a member of the Armed Forces he is unable to continue writing Teen Age. We will attempt to carry on until he is able to return.—Marv and Lee.)

The Merchants of Newton will never forget that feeling of a tornado whipping through their districts as the Canteen solicitors made their rounds. Seems as if the most generous contributions were funeral parlors and drug stores. Seriously though, those who did donate toward the Canteen cannot be thanked enough. One "Beaver" girl showed up at the "big night" affair Thursday. And something "big" is expected to pop at Tuesday Hi-Y Tri-Hi combined meeting at the YMCA. The Tri-Hi had a Father-Daughter night and minstrel show last Thursday. You couldn't help but see Bob Scanlon, Jr. Pres., and Bev John Johnson, Pat Helms and Champe Fisher, Toni Sosini and practically all the Football and Hockey Teams, Jim Teshner and Patty Patti on the N.S.C. on official opening night. Note to the Red Cross: Canteen Registration cards show H.S. members have donated 84 gallons of blood. They have a scale on the bulletin board which records the latest donations. (Who says Teen Agers aren't healthy!) The 15 Up Club Baseball team would like to challenge any Church League team to a game. Write us. (What's the matter boys? Can't you get anyone to play with you?) "Tau Zeta Chi," say Mac, Bobbie & Bones, would be winning to lend it U. S. O. entertainers for any shows which are to be planned for the Canteen. A "hay ride" is on the list for the next DOINGS of the month. Sounds like fun. The Ice Cream concession and 16-foot soda fountain at the Canteen is owned by the Bushway Whiting Co. The spring vacation started out in fine style for the N. H. S. Ball team. They took Arlington 3-2 in the postponed opening game of the Suburban League. Then on Tuesday, April 17, their coach, "Jeff" Jones who is also a scout for the Braves, issued them special invitations for the National League opener at Braves Field. Johnnie Recco made history recently in the Watertown scrimmage by hitting a homer over the center field score board (No other High School player can make that statement). Keep us posted on anything new. "Drop Teen Age" a card today.

Newton Rotary Club

An unhappy prospect for motorists during the year ahead was presented to the members of Newton Rotary Club by the guest speaker, William B. Baker, chairman, Newton War Price and Rationing board, at the meeting of the club last Friday. Mr. Baker forecast a desperate unavailability of tires in the immediate future, stating that allocation of tires was cut 50 percent as of April 1st, and that only the most urgent necessities could be granted. His advice was: "Recap now, and avoid those 100-mile trips." Also, gasoline rationing will be modified May 1st, and all "C" rationing will be lifted to 825 miles per month.

Speaking on the subject: "Sharing the Scarcity—The Theory and Practice of Rationing," the speaker outlined the history of rationing starting in January, 1942, as tire rationing only followed by gasoline, fuel oil, coffee, foods, and price ceilings. The original Newton Board consisted of three members and one volunteer clerk; and has now expanded to 45 members and fifteen full-time clerks, assisted by 300 volunteer workers.

The speaker expressed the view that most people were cooperative and that the most difficult problems confronting the Boards were lost food ration books and price controls.

registering their automobiles, the careless pedestrian is being tossed around a little. We had two accidents in Newton Corner last Saturday night. A woman was struck at Pearl and Centre streets and a man outside the Paramount Theatre.

An old dinky, driver of a wrecking truck here years ago, had a little ditty he'd sing as he hauled in wrecked cars: "He wuz right, daid right, as he traveled along, But he's just as daid as if he wuz daid wrong."

They should post that little ditty on all Newton's highways.

Around Town . . .
Ben Louis, of "What's Cookin'" staff, is now treasurer of the Newton Savings Bank. . . We have no police chief yet. Lieutenant Moan, Captain Veducio and Lieutenant Crowley held the list in that order. . . T-Sgt. Edward (Chick) Foley's present address is 17 Elm St., Newton Upper Falls.

Chick is on a 30-day furlough after 23 months in New Caledonia. . . George Benham, who snapped the pictures now appearing in "What's Cookin'", is coming over the road from Bridgeport, Conn., old town. Do you ladies and gents have any particular spot in the Garden City you'd like to see reproduced in W.C.? . . Incidentally, George will be driving his 1933 Ford sedan, "Baby." . . There's a car! . . Plenty of you gents, reading this, will remember the summer midnight, before the war, when Benham clattered up to the Waldorf in his little junker, his bags on board, shaking hands as he said a hundred "good byes," his cronies wishing him good luck on his vacation journey to Connecticut. George was lured away from his beloved jalopy momentarily, that night. Just long enough to allow one of the gang affix a "bomb" under "Baby's" hood! One of those explosive bombs, it let go with an ear shattering, w-a-h-m when Benham, still smiling and waving to the crowd, stepped on the starter button. The hood was blown off and a thick, oily cloud of smoke enveloped "Baby."

George, hatless and disheveled, burst through the door, roaring for someone to "pull the fire alarm!" It required the combined efforts of three men-about-town to keep George from disturbing the slumbers of Fire Chief Keating's men that night. . . That happened a long time ago, when the world was young. You were all here with us then, too, as you all will be again, soon. In the meantime, Benham has forgiven the villains who so foully abused his little car, "Baby," that smummer midnight, and he's coming back to take another set of pictures. Let's know your preference. The town's featuring it's early summer finery and our picture snatcher should bring in some pips.

ALDERMEN SET ASIDE \$325,000 TO REDUCE 1945 TAX RATE

The Newton Board of Aldermen on April 16 voted unanimously to appropriate \$325,000 from the city surplus and authorized the Mayor to use this sum or any part of it in the reduction of the tax rate for 1945.

The Board also voted to appropriate \$1,080 for lowering a portion of a water main on Islington road and \$975 for connecting the 6-inch service main serving the Newton Hospital to the water main on Dorset road.

The sum of \$18,755 was appropriated for settlement of a claim of Herman Chilton in behalf of Mrs. Ella Chilton for damage. Claims of Harriet Doucett for personal injury; George W. Hokinson, Donald W. Whitney, Edward J. Crowley and Prudence Lane for damage to automobiles; and Henry J. Linn for damage to property were rejected by the Board.

An amendment to the ordinances defining dwellings and apartment houses was adopted as follows: Dwelling—a building in which not more than two families dwell independently, with no independent occupancy above the second floor, and in which no part is used for business purposes.

Apartment house—a building containing three or more apartments or an independent family above the second floor.

who are in these far off places are seeing with your own eyes the results of German and Japanese occupation. We, at home, are now reading and hearing of the terrible conditions of death from exposure, of neglect and misery of millions of people. We cannot help feeling in our hearts that, but for the grace of God, but for the grace of distance and time these same people might have been we. So we are piling great mountains of clothing in our schools, churches, fire stations and post offices, clothes for warm countries and clothes for cold ones; and we're sorting and packing and shipping as fast as hundreds of volunteers can do so. We have the Service Clubs, the City Departments, the Church Groups, the Woman's Clubs, the Boy and Girl Scouts all working furiously day and night. Certainly, the citizens of Newton are turning out their best efforts for this new cause even as they worked for their own lives and homes in the maintaining of a superb Civilian Defense organization in the first years of the war.

At that time we strove to set up protection for ourselves should the need ever arise, but now we are working to preserve the lives of others. Your mothers, sisters and wives are spending their days in an erstwhile store near the Court House in West Newton Square sorting the seemingly endless tons of clothing pouring in from responsive citizens. Your fathers and brothers are breaking their backs packing and baling and baling into freight cars. These cars will roll to various sections of the country until they find their particular shipping destinations. Then the long voyage begins over the Seven seas to China, Belgium, Greece, Russia, the Philippines—wherever our friends have need.

And with these material evidences of our good will and our friendship go our wishes for a speedy rebuilding of homes and factories and normal living in all places of the earth. It is also our prayer that you who are constantly in our thoughts return quickly and safely to the families and friends who eagerly await you.

A Prayer

from "The Fellowship of Prayer"

We do not ask Thee, Lord, to be freed from all sorrow, but only that our shadowed eyes may be made bitter by rebellions against Thy will. But, that purified by love and sustained by faith, we may find Thee in the shadows, and being ourselves comforted be able to comfort others in their need. In the name of the great Comforter, Amen.

SGT. DOWLING LAUDED FOR PREPARING "CONTROL MAPS"

A letter commending Sgt. William H. Dowling, head of the Newton police traffic bureau, for his work in drawing up "control maps" of the city for use in the event of disaster, has been received by Acting Chief Nicholas Veducio from C. E. Walton, director of the training division of the State Commission of Public Safety.

"The control maps for disaster purposes, worked out by Sgt. Dowling, have been received back from the printer," Director Walton wrote, "and fifty copies of each of the ten fire districts in the City of Newton have been sent to your headquarters."

"In the course of the preparation of the traffic divisions of police control, I had occasion to be made acquainted with Sgt. Dowling's work in this field; and I thought you might welcome the report from this office that he is one of the ablest traffic men we have worked with. The plans he has drawn up for Newton are among the best done in any of our cities, and in this result Sgt. Dowling's experience and initiative have been a telling factor."

A Service Flag Raising ceremony took place April 22 in the auditorium of Temple Emanuel, Newton Centre. The flag was unfurled and dedicated in honor of the three deceased and 228 living Jewish members of the Armed Forces of the United States from the local community.

Newton Merry-Go-Round

By Paul Considine

The pulverizing of Berlin and of Adolf's murder factory in Belsen are the chief topics of conversation in our town. The horrors of that Belsen set-up are doing more to awaken Uncle Sam's relatives here than anything else they've read or heard from out your way, since the murder of Poland. Belsen is pretty hard to take and even more difficult to believe, but it's all there for the records, indisputable proof, as the world views the torture, mutilation and murder through your eyes, that it's high time the civilized peoples on this earth put the German permanently on ice.

It's probably not hometown news, this reshaping of torture and death in Naziland; but those of you who've been crossing your fingers with the prayer your kids won't have to do a repeat performance against the troops of another Fuehrer, some twenty years hence, can now rest assured that the descendants of Adolf's apostles will never wage another war.

News and pictures of German cruelty have exposed not only the leaders, but the people, themselves, as a brutal, heartless, murdering crew. Clever, as always, they succeeded in pinning their sins on the Kaiser after the last war and were well on their way to hanging the present dirty business on Hitler and his aides. They were, that is, until Allied soldiers caught up with unholy Belsen. That was the spark, and coupled with evidence from other German murder camps, it put them in the same league with the Japanese.

No Longer A Distinction . . .

There is no longer a distinction between Nazis and Germans. They're all Germans and the world is fully aware of it. This is the five star final and you gents are just about putting it to bed. They're through, definitely, and their days of kidding the world are over. You'll never fight 'em again, or your kids, or their kids. Realists, not international dreamers, will set this peace, and that's your guarantee. You've lacked 'em, exposed 'em and finished 'em for all time.

Accidents . . .
For the past couple of years pedestrians have been roaming the highways at will and the trick of avoiding them was the automobilist's problem. With so many cars in garages, especially during the winter months, the hardy pedestrian became bolder, until veteran motorists actually drove at a speed of about 5 miles per hour in the city limits. As a result, Newton won the State safety award. Now, however, with the summer drivers (Continued on Page 4)

Keep the Home Fires Burning . . .

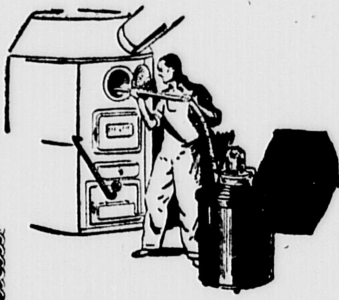

There was sound advice in that song of
World War One 27 years ago—it's just as
sound today.

The home-front defense fires must burn brightly "Til the boys come home"—industrial forge fires and fires of American unity and will to win. Our men are in there slugging. We're backing them everlastingly here at home, each in his own way, with war-work, war-bonds and war-conservation of commodities and materials.

1945 Marines Hymn

Composed by 6th Grade Pupils
of the Pierce School
From Bataan, Saipan, Corregidor,
Guadalcanal and all the rest
In the Death March and the prison
camps
The Marines have fought the best.
Midst starvation, death, and dread
disease
Midst long days and months and
years
We have battled every form of war
Through dirt and blood and tears.

From the bloody Iwo Jima
To the foxholes on Luzon,
We are proud of every island
That we've flown our flag upon.
When the Nazis and the Japanese
Have been smashed to smithereens
You will find the job's been done
complete
By United States Marines.

NEWTON WOMAN NAMED MASSACHUSETTS MOTHER, 1945

A Newton woman whose husband is an officer of the Navy has been chosen Massachusetts Mother of 1945 by the Massachusetts Mothers' Committee of the Golden Rule Foundation.

She is Mrs. Edith B. Keller of 37 Sheffield road, Newtonville.

Mrs. Keller is the wife of Com. Harold B. Keller, U.S.N., stationed at the Boston Navy Yard. One of her sons, Pilot Officer J. Wilbur Keller, left Harvard in his senior year to join the RCAF, and has been in action with the RAF for many months. The other son, Lt. H. Russell Keller, Jr., lost his life in action over Kyushu on March 19, according to a Navy Department telegram which stated that Lt. Keller was "shot down in flames while brilliantly fighting." He was the pilot of a carrier-based plane.

Mrs. Keller's brother is Brig. Gen. William H. Wilbur, who served with Gen. Dwight Eisenhower in the North African invasion.

Mrs. Keller, born in Springfield, is a graduate of Wellesley College.

She spends a great deal of time as nurse's aide at Newton Hospital. She is a Grey Lady at the Marine Hospital, and hostess at the Buddies Club and at the Trinity Place Officers' Club. She is chairman of the Newton British War Relief Activities Committee, financial chairman of the Newton League of Women Voters, a former president and present vice president of the Newton Mothers' Rest Association, and former president of Trinity Church Guild.

Mrs. Leverett Saltanast, Mrs. Maurice J. Tobin and Mrs. Marie O'Connell Murray, Massachusetts State Mother for 1944, are honorary officers of the committee which makes the selection.

MEMORIAL FOR LT. JOHN HAYDEN DEDICATED AT CENTRAL CHURCH

At Central Congregational Church in Newtonville a memorial of unusual nature was dedicated on Sunday, April 22. In memory of his son, Lt. John E. Hayden, William V. Hayden has provided for the landscaping of the front of the church. At the close of the regular service on Sunday morning a brief service of dedication was held.

The planting consists of groups of large yews and flowering shrubs at the corners and on either side of the main entrance of the church, and a bed of euonymus along the base of the building. The work was planned and supervised by Harriette W. (Patsy) Long of Dover, who contributed her services.

"Jack" Hayden, a first lieutenant in the U. S. Army Air Force when he was reported missing in action was born in Malone, New York, August 12, 1920. He lived in Newton all his life, graduating from Newton High School in 1940. He attended Admiral Farragut Academy in 1941 and in 1942 enlisted in the Army Air Corps. He trained at Craig Field, Alabama, received his wings and was commissioned a second lieutenant. He was a member of the 388th Central Postal Directory, and was based at Westover and Mitchell Fields un-

til he was sent overseas in the fall of 1943. In January 1944 he was made first lieutenant; took part in more than 50 missions, and on April 19, the same year, received the air medal award.

On April 24, Lt. Hayden was severely wounded over Munich and knowing he was doomed, calmly told his comrades over the radio telephone, "My arm is shot off. I'm going in," whereupon his comrades saw him crash into a hillside. "It was one of the most courageous things I ever heard of anyone doing," said Col. Morton Magoffin, his group commander.

Lt. Hayden first gained recognition in March of that year when he swooped down and fired a warning burst in front of a French locomotive giving the engineer a chance to jump out before he was hit by the engine.

His parents, who reside at 45 Old Farm road, Newton Centre, were notified on May 9 that their son was missing in action as of April 24. A letter from Brig.-Gen. E. R. Quesada to Mr. and Mrs. Hayden bore this notation in the General's handwriting, "You certainly must be proud of your boy. We are."

ALDERMEN PASS RESOLUTION ON DEATH OF PRESIDENT

The following resolution was unanimously adopted by the Newton Board of Aldermen on Monday night at an impressive service held in honor of our late President Franklin Delano Roosevelt:

Whereas: God in His wisdom has seen fit to take from us and from the nation Franklin Delano Roosevelt, President of the United States, and Commander-in-Chief of the Armed Forces, at a time when the victory he so ardently desired is near, but when problems press heavily upon our country, and upon the world;

Be it Resolved: That the citizens of Newton, Massachusetts through their Board of Aldermen hereby express their deep sorrow at his passing; and, with earnest prayer that we and the nation be worthy and capable of the great problems that confront us, do also express our sincere appreciation of his clearness of vision, his courage, and his ceaseless efforts for the betterment of humanity, for the destruction of all the forces of evil and for permanent peace in this world.

Be it further Resolved: That a copy of these Resolutions be recorded on the records of the Board of Aldermen, and that a copy be sent to Mrs. Roosevelt.

Fred C. Alexander,
James P. Akin,
Donald L. Gibbs.

The resolution was read by Alderman Fred C. Alexander, chairman of a committee appointed by President Joseph B. Jamieson for the purpose of drawing up the resolution.

A prayer was offered by Rev. Herbert Hitchen, D.D., minister of the West Newton Unitarian Church, who paid high tribute to the late president in a eulogy in

which he said in part, "he gave himself so unstintingly in the service to which he was called that it amounted to the Supreme Sacrifice—as truly as though he had died on the battlefield."

Y.M.C.A. TO HEAR NAVY CHAPLAIN

The speakers at the 88th Annual Meeting and Dinner of the Newton Young Men's Christian Association on April 30 will be Lt. Commander Carl Knudsen, Pastor of the Church of the Pilgrimage, in Plymouth, Massachusetts.

Commander Knudsen was granted a leave of absence two weeks after Pearl Harbor to serve as a Chaplain in the United States Navy. After ten months on duty with the Recruit Training Station at Newport, Rhode Island, he became Chaplain of the flagship of a cruiser division headed for the Solomon Island campaign. His cruiser took part in the Guadalcanal and Kula Gulf battles and in the battle of the Empress Augusta Bay, off Bougainville.

After a short period of hospitalization Chaplain Knudsen was ordered to duty as the first Chaplain for the Reserve Officer Training Units at Harvard University where he served until released for medical reasons. He resumed his post at Boston after two years and twenty-nine months of Naval duty and has been active as a member of the Committee on Army and Navy Chaplains for his denomination. During the past semester he also taught a course at Boston University on "Ministry to Servicemen."

ROBERTSON HEADS GROUP IN UNITED WAR FUND DRIVE

A. A. Robertson of Auburndale, chief sanitary officer of the Newton Health Department, will head the Metropolitan Division of the Greater Boston United War Fund's fall campaign, October 1 to 27.

Charles B. Floyd, division chairman, announced recently.

Newton is again honored in the appointment of one of its leaders to serve in the central campaign organization. Mr. Floyd's choice of his fellowtownsmen in the solicitation of municipal employees throughout the metropolitan area is a natural consequence of Mr. Robertson's successful leadership of this group in the three past campaigns.

A member of Newton Post No. 48, American Legion and of the Newton Community Council, Mr. Robertson is widely known in this section because of his diversified interests. He is president of Newton City Hall Associates, secretary of the Massachusetts Public Health Association and editor of the LEGION'S NEWTON SERVICE.

Other Newtonians whom Mr. Floyd has enrolled in the Metropolitan Division include Brooks Potter, former division chairman, and Thomas E. Shirley, chairman of last year's local campaign, both named on the advisory committee.

Sports in a Nutshell

By Bill Sullivan

MARATHON

Johnny Kelly ran a wonderful race winning the Boston Marathon in 2 hours and 30 minutes 40 1-5 seconds. He was clocked at South Framingham in 33:28 3-5, in sixth place; Natick 54:43, in fifth place; Wellesley 1:11:20, in fifth place; Woodland Park, 1:25:18 in third place; Lake St. 2:02:11 in second place; Coolidge Corner 2:17:18 1-5 in first place. Lloyd Barstow gave Johnny quite a race as he was second all the way to Coolidge Corner where Kelly passed him. Heinicke finished third, Rankine fourth, Evans fifth, Robbins sixth, Young seventh, Medeiros eighth, Semple ninth, and Norton tenth. There was a great crowd lined up all the way and the cheers Kelly received just made him step to win this race. At 37 he showed what he could do, and the way he let out to catch and pass Barstow gave the crowd a great thrill.

About 90 runners started this 49th B.A.A. Marathon. Joe Smith of Medford holds the record, 2 hours 26 minutes 55 1-5 seconds. Kelly states he will be back next year to try to be the winner again.

BASEBALL

The Braves took the Red Sox in the city series beating them two out of three to become Boston's champions. Al Jarvis, who just today with the Sox in winning the first game against Cecil, Andrews pitched the second against Wilson to make it two straight. Wallace and Hutchings the third against Bowman, Terry and Woods, with Hutchings the loser and Woods the winner.

Baseball is on its way again with all-out playing Tuesday, April 24. Both Boston teams lost to New York with Al Jarvis losing to Voiselle and Cecil losing to Donald. The Yankees staged an eighth inning rally to smother the Red Sox while the Braves put up quite a scrap with the Giants. Cincinnati beat Pittsburgh, Chicago beat St. Louis, Brooklyn beat the Phils, Chicago White Sox defeated Cleveland, Washington beat the Athletics, St. Louis beat Detroit. The outstanding feat of the first week goes to Jimmy Dykes of the White Sox whose team has won five straight games, sending the Browns down twice Sunday, April 21st, 4-3 and 5-3. The New York Yankees have won 5 lost 1, turning the Red Sox back three times and Washington twice, losing one to the Senators.

In the National league the Giants have won 5 lost 2, winning 3 out of 4 from the Braves and 2 from the Dodgers. Chicago Cubs have won 4 and lost 2 defeating Pittsburgh Sunday 3-0 and 5-2. The Braves have won 3 and lost 4 with Jarvis, Andrews, Barrett and Tobin losing and Tobin, Andrews, and Cozart were

the winning pitchers. The lineup for the Braves, Culler S. Holmes, L.F. Nieman, R.F. Mack, 1B, Gillen, 2B, Walton 3B, Masi or Klutz C, Sheno 2B, Joost Wietmann, Nelson and Frank Drews are laid up.

The Red Sox have struck the toughest luck of all this season, losing six straight the last three to Conny Mack with Christoffer holding them to five hits Sunday while Philadelphia was pounding Cecil for nine hits and five runs and Barrett for 3 hits and 1 run. Bobo Newton set them back Saturday 8-2.

Del Baker is sure having his troubles trying to win a game for he had to take over when Manager Joe who had played three swell games for the Sox broke his leg sliding into second base in the seventh inning of the third game. If we can only find someone who can play third like Joe did in those first three games all he will be O.K. Joe made three hits drove in a run, fielded perfectly, started two beautiful double plays and played Buzas's punt just like Ketterner would. This was his 20th season in the major's and he was right in trim to play a good many games this year. Now he will be on crutches for many days. Well we must root for Joe Bowman, Clem Hausmann, O'Neil, Mike Ryba, Barrett, Woods, Cecil, W. Dreisewerd and Vic Johnson to start a winning streak right away. The Sox play the Senators three games starting Tuesday.

Neiman won the game for the Braves today when he hit a home run in the ninth with two men on the bases. This is his third home run of the season with two men on base. He was the ninth inning hero, winning in the ninth inning. Jim Tobin was the winning pitcher and Culler had a perfect day at bat with four hits and a sacrifice out of five times up.

HOCKEY

The Detroit Red Wings tied up the Stanley Cup series by defeating Toronto 1-0 in Toronto Saturday April 21. Both teams played real defensive hockey for three periods with no score. Detroit scoring in the first period, Eddie Bruneteau sank a 12 foot drive for the winning goal. Toronto won the seventh game of the play-offs and the Stanley Cup by winning from Detroit 2-1. Hill scored for Toronto in the first period smacking in Kennedy's rebound for a goal. There was no scoring in the second period. Armstrong drove Hollett's rebound into the cage to tie the score 1-1 in the third period. Bodnar came in and short Pratt's rebound for the goal which won for Toronto. McLeod was great in the net for Toronto holding Detroit scoreless in the first two games. Lumley played good hockey all the way in Detroit's Net. Mr. Hockey bows out until next year and we all want to see you boys back them, with the greatest of all victories.

So many people have asked us

THE YANKEE KITCHEN

with Ken and Carolyn

Spring brings out the gypsy in
us and come warm, fragrant days,
Carolyn starts remembering poetry
under her breath and her soul
yearns to ride a swan boat in
some celestial sea. Ken goes fish-
ing.

Carolyn insists that her hobby
of spiritual imaginings is much
more practical than Ken's—and
Ken's first trip of the year—last
week-end—bears out her argu-
ment. For all winter, Ken has
bought lures and streamers, he has
subscribed to innumerable maga-
zines, he has consulted the Farm-
ers' Almanac and he spent two
fine days fishing and came home
with a deep sunburn, an incipient
cold and no fish. The weather
wasn't right, it seems.

Three year old daughter, Karen,
was very snippy about it. Daddy
had told her he was going fishing;
Daddy had promised her a fish.
Daddy failed to bring it and Karen
turned a chilly shoulder with her
pinpoint ruffles looking very
starchy. Ken wilted and grumbled
that is what you get when you
bring up a child to be indepen-
dent, with Boston's loved Dr.
Stanton that the only thing possi-
ble to teach our children is inde-
pendence of ideas.

Children love dogs and we should
be happy to see every child in New
England have a frolicsome and
good tempered dog to play with.
Good temper in dogs is largely a
matter of diet, the experts tell us
—and we have at last found a food
for dogs that gives the dogs what
they need for health and spirits—
not just sustenance. We have en-
gaged Greencroft Lord Jeffrey
(Ken's Cocker spaniel, Jeff) to be
our canine advisor and Jeff has
been soliciting correspondence
from all the dogs in New England.
The dogs are invited to give their
names, their breeds, if any, and
their addresses. In return, Jeff
sends them a sample of his fa-
vorite dinner—and they like it.

We discover that there is much
humor and imagination in the
names of our dogs. We discover
all over again that there is no mea-
sure to the love you have for a
good dog, whether it be a ped-
igreed beauty of great price, or
a lovable mongrel who appears out
of the void and humbly beseeches
a home.

So long, everybody!

kids" they were so pleased.

After being released, the pris-
oners split up into small groups and
made their way over the Polish
border and from there were sent
back to the States by way of
Odessa, Egypt, and Naples. "It
was wonderful to set foot in the
U.S.A.," continued Sgt. Coleman.
"I may be imagining it, but even
the air smelled different."

Sgt. Coleman, who went into
Normandy with the 121st En-
gineers, is wearing a Unit Presi-
dential Citation ribbon. A Newton
high school graduate in the class
of 1932, where he starred in base-
ball, he hasn't been back in his
native city since the fall of 1942.
He says that he definitely wants
to be quoted as being "all-out" for
Red Cross, and also that he will be
happy to talk to anyone who has a
man in a German prison camp and
tell anything he can of conditions
there.

When asked what his plans were
for his 60-day leave, he said, "I'm
just going to enjoy being back
again."

114 Newton Families Offer Homes to Children in 'Share Your Home' Plan

Newton has a reputation for re-
sponding to any real community
need. The Newton Community
Council reports that its Share
Your Home With a Child Cam-
paign, carried on last January, was
no exception to the rule, for 114
families offered their homes for
one or more children. Of these,
51 were Newton residents, 62 were
from other communities in Greater
Boston, and one was from as far
away as Hillsboro, N. H. Catholic,
Protestant, and Jewish families, all
came forward in a spirit of service
to children. Of the 51 Newton
families who offered their homes,
37 had to withdraw their re-
quests for the time being at least,
because of some change in their
home situation, but 14 remain on
the active list of the Committee.

Figures mean nothing without
the stories behind them—so here
are a few glimpses of the kind of
foster parents who have taken
children already. Since their iden-
tities must not be known for the
sake of their foster children,
names have been changed. Let us
tell you about the Browns, young
professional people, who have two
bright, attractive daughters but no
sons. The whole family decided
that a boy in the home was what
they needed, so they are caring for
a lively youngster whose own par-
ents are incapacitated temporarily.

Joe was a handful when he came,
but he has been made to feel one
of the family, and no boy could fail
to respond to the warmth and love
the Browns are giving. Joe has be-
come a credit to his foster family.
Then there are Mrs. Jones and
Mrs. Smith. Their husbands are
overseas, and they are eager to do
their part toward helping—yet they
can't leave their children to do
Red Cross or other war work out-
side the home. Mrs. Jones has
taken a small baby whose mother
is very ill, and Mrs. Smith has
taken a brother and sister who
need love and understanding be-
cause their mother has died and
their own Dad is still overseas.

Finally there are the Greens; they
have one son, Jerry, who is 9 years
old, and they want him to learn
to share with another boy less
fortunate than he. They didn't
expect a perfect little boy; they
took Bill just as he was, gave him
the love and understanding he had
missed for two long years since
his mother died, and now he and
Jerry are pals. Some day Bill's

own Dad can make a home for
him again—meanwhile he is happy
in his foster home.

These foster parents are Newton
people, in comfortable circum-
stances, whose only motive is
service to children. Yet they say
that the satisfaction in making a
child happy more than outweighs
the effort.

Organize Newtonville Residential Division Of Chest Campaign

A meeting was held at the home
of William R. Mattson, Brookdale
road, Newtonville, on Wednesday
evening at which the Newtonville
Residential Division of the 1946
Community Chest Campaign was
organized.

Heading the Division is William
R. Mattson, chairman, who will be
assisted by Fred B. Eastman and
Rodney C. Eaton. Mattson, East-
man and Eaton occupied the same
positions in last year's drive.

The following will serve as
Majors: Group "A," John C. Mc-
Cullough; Group "B," Harold D.
Jones; Group "C," Riley J. Hamp-
ton; Group "D," Alan D. Duff.
Franklin K. Hoyt, City Chair-
man of the Residential Division
and Gordon B. Russell an assistant
City Chairman were present.

Last year the Newtonville Divi-
sion was diverted into two armies,
the one, made up of groups whose
territory extended east of Wal-
nut street under Fred Eastman,
and the Red, west of Walnut street
headed by Rodney Eaton.

A spirited contest between the
two armies in which strategy and
ingenuity were used by both sides,
resulted in a victory for Eastman's
Blue army which produced the
greatest increase in amount
pledged and number of pledges
above its quota. The plan proved
so successful in results obtained
that it will be adopted again this
year.

114 Newton Families Offer Homes to Children in 'Share Your Home' Plan

Newton has a reputation for re-
sponding to any real community
need. The Newton Community
Council reports that its Share
Your Home With a Child Cam-
paign, carried on last January, was
no exception to the rule, for 114
families offered their homes for
one or more children. Of these,
51 were Newton residents, 62 were
from other communities in Greater
Boston, and one was from as far
away as Hillsboro, N. H. Catholic,
Protestant, and Jewish families, all
came forward in a spirit of service
to children. Of the 51 Newton
families who offered their homes,
37 had to withdraw their re-
quests for the time being at least,
because of some change in their
home situation, but 14 remain on
the active list of the Committee.

Newton Red Cross Accident Prevention Course Starts May 2

Frank E. Dowcett, Sr., chairman of Water Safety and Accident Prevention for Newton Red Cross, announces that there is still time to enroll for the seven weeks' course in Home Accident Prevention. Classes will be held each Wednesday, starting May 2, from 7:30 to 9:30 p.m., omitting May 30th, at the Chapter House, 21 Foster street, Newtonville.

Speakers who are specialists in all types of accident prevention, representing the Fire Department, Massachusetts Department of Public Safety, the Electric Light Company and others, will bring valuable information to the course.

"The outstanding objective of the Red Cross accident prevention course is to motivate people toward safe conduct in the home," states Mr. Dowcett, "and when they understand the seriousness of existing hazards, I feel sure there will be a surging of people desiring to obtain the information that will make their home safe."

For enrollment write or phone the Chapter House, 21 Foster street, Newtonville, LaSalle 6000.

Highlands Garden Club To Conduct Sale

The Newton Highlands Garden Club will have a mammoth sale on Saturday, May 19, of interest to all home gardeners. It will be held from 10:30 to 1:30 in the afternoon at the Workshop on Columbus street. Sturdy tomato plants of several varieties are now being grown by one of the best known farmers. Of special importance are the Golden Gleanings and Yellow Wonder varieties, which when ripened not only will add a pleasing color effect to the eye, but will be delectable to the palate.

Flowering annuals of all kinds will be in abundance—Iris bulbs, petunias, marigolds, calendulas, Johnny Jump-ups, Canadian anemones, nicotines, every variety of bedding plants.

The enthusiasts who have already planted their gardens will have the opportunity of replacing frost-bitten items. With sadness it is recalled that a cold wave devastated gardens last year in the middle of May.

Newtonville Junior Woman's Club

At the monthly meeting of the Newtonville Juniors, Tuesday, April 17th the club members and their guests were fortunate in having Miss Jean Merrill, who entertained the group by presenting a travelogue. Her colored slides gave splendid views, depicting visits to various heavy spots in the United States and Canada. Miss Merrill, an active member of the Club and a past president, is also on the board of the State Federation of Women's Clubs. Miss Elizabeth Barrow, program chairman introduced Miss Merrill. After the delightful talk with pictures, refreshments were served by Miss Winona Starbird and her committee.

On April 21st at 2:30 p.m., the Club's annual play "The Fatal Necklace" by Harris & Allen, was given at the Dorchester Women's Club. In the cast were Mrs. Nancy Charlier, Miss Winona Starbird, Miss Helena Connelly, Miss Esther Height and Mrs. Georgia Tremberth. Miss Loraine Phipps introduced the players and furnished piano accompaniments. Miss Helen Stewart also assisted in the presentation of the play.

On Friday night, April 27th, the annual charity bridge will be given at the Club house. Miss Theo Klein, philanthropic chairman, has arranged the party. There will be individual table prizes, drawings for gift bonds, candy, refreshments and lots of fun. See you there!

Girl Scout Activities

Because the funds given to the Newton Local Council Girl Scouts by the Community Chest cover only the general staff and city-wide expenses many of the individual village groups plan annual money-raising projects. These projects will provide funds to purchase new equipment for troops, special craft training for leaders, upkeep of cabins at Camp Mary Day, camperships, etc.

The Newton Centre Committee asked its Girl Scouts to put in a week of "Work and Earn" and suggested that each girl contribute fifty cents which she had earned herself by doing household tasks "over and above the call of duty."

Newton Corner will present a professional puppet show at 1:30 and 3:30 Saturday, the 28th, in the Auditorium of Our Lady's High School. Each show is different and complete in itself and well worth a double trip to see. Little Black Sambo, Goldilocks and a lovely Bunny Ballet will appear at 1:30; and a WAC bugler, Chang and his dragon, Felix Adler and the Circus, and Francois the Clown will entertain at 3:30. The price for children is 30c and for adults 60c.

Newton Upper Falls Scouts are being very gay and staging a Minstrel Show on Friday, April 27 at 8:00 p.m. in the Emerson School. Famous "End Men" will be present and other celebrities. A local patron of the drama can afford to miss!

At Norumbega Park on Wednesday, the 25th, Auburndale Village Committee played hosts to many friends at a dessert bridge. If variety is a sport in life, certainly the money-raising ideas of the local Scout committees are setting quite an example. When Newtonville winds up its program with an all-day Circus, Trading Post and sale at the Newton High school drill shed on May 26 we will have run the gamut.

Intermediate Girl Scout Field Day was held at the Newton Centre Playground on Monday, April 16 from 10:00 until 3:30 o'clock. There were games and songs and sports enough to satisfy even the most ambitious eleven-year old, and many a Scout went home with a defense stamp as a prize for her prowess in some type of competition. 260 girls were present for the day.

The 50 yard dash winners in the ten year old group were: Betty Todd and Christine Tocci tied for first place; Patsy Littlefield, second, and Clotilde Sheehan, third. For twelve year olds: first, Charlotte Kennedy; second, Ann Gorman, and third, Carole Smith. And for thirteen year Scouts we have Mary Hardy, first; Sylvia Ferguson, second, and Betty Murphy third.

In the various competitive Scout sports the following troops were the "tons": First Aide, Troops 130-134; Bed Roll, 35; Knot-tying, 33; Compass, 33; Firebuilding, 130-132; and Tin Can Cookery, 33. The prize winning troop for the day was No. 33 from Newton Centre with Mrs. Donald Eldredge and Mrs. David Tibbott as co-leaders. More power to them for bigger and better Scouting!!

Hospital Aid Dessert Bridge

The Newton Hospital Aid Association Inc., composed of 1400 members of the Newtons and Wellesley, will hold its seventh annual dessert bridge on Tuesday, May 6th, at 1:30 in the nurses' home of the hospital, with Mrs. Worthing L. West as chairman.

The usual fashion show will be omitted and dessert, decorations and prizes will be simple, in keeping with the times. The bridge, one of four fund raising activities of the association, helps to finance many splendid projects for the hospital. The association has recently made possible the establishment of an infant-formula bank and a waiting room in the obstetrical department, and has assisted with the medical library for doctors and nurses. Profits from the association's coffee and gift shop have aided in completing these gifts to the hospital.

Other officers are: Mrs. Carl T. Deane, Newton, secretary; Mrs. Bertha B. Tracy, Wellesley, corresponding secretary; Miss Maida Flanders, Newton Centre, treasurer; and Mrs. Edwin P. Gibbs, Newton Highlands, assistant treasurer.

The directors are: Auburndale, Mrs. E. F. Drew, Mrs. Charles B. Floyd, Mrs. Paul M. Goddard, Mrs. Richard L. Kenney, Mrs. Benjamin W. Pepper and Mrs. Arthur L. Shaw; Newton, Mrs. Edgar S. Auburndale Review Club
The annual luncheon and meeting of the Review Club was held on April 24 at the home of Mrs. Arthur G. Robinson, 144 Hancock street. Mrs. Paul H. Tardivel was re-elected president of the coming year and other officers as follows: vice president, Mrs. E. I. Wilson; secretary, Mrs. Louis F. Birge; treasurer, Miss Helen B. Calder. The program chairman is Mrs. Hattie U. Hutchinson, who assigned topics for next year's papers on the general subject, "Our Country—past, Present and Future."

The treasurer's report showed the sum of \$172.69 on hand after meeting expenses and making contributions to the United War Fund and to the support of a Chinese orphan.

The after-luncheon program was given by Mrs. L. F. Billings, who played music by Richard and Johann Strauss and from light operas, notably those by Victor Herbert, and gave interesting biographical sketches of the musicians.

The club has recently welcomed two new members, Mrs. Percival Allen of 131 Rowe street and Mrs. Lucius O. Lee of 103 Hancock street. Its membership is limited to forty but is a waiting list.
